Book of Genesis:

1:1 in the beginning our Lord created the Heavens and the earth. It all began with Allah before time who is our Lord forever, that is Monotheism.

1:2 the earth started without a function as void. The Biblical Hebrew word is Tehom. The Red Sea coastal plain in Arabia is called Tihamah which stems from North to South Arabia.

1:4 this is a false verse that our Lord created light and then separated the light from the darkness.

1:7 we don't know if the firmament was made after the Heavens and the earth.

1:20-23 water started first; this is the same as the Quran. Large reptilians are referenced here, these are dinosaurs.

1:26 let us make mankind in our image, in our likeness so that they may rule over all creatures that move along the ground.

1:27 Allah created man and women in His own image.

1:28 Prophet Adam and his wife are instructed to be fruitful and multiply. This is the main reason why men want as many women as possible; men picture in their mind how it can work with someone they know so little about because this is the first thing on their mind what Allah had asked of them. Also, most women want children. Since Allah had blessed Prophet Adam and then said to him and his wife be fruitful, this means anyone of religious faith will feel blessed by Allah and that it is speaking to them. Do you notice how this verse is at the beginning of the Book of Genesis? This verse is not canceled out anywhere in the Talmud's or hadiths. That tells me Allah wanted this for all his Abrahamic faiths, this was a key part of religion. In today's earth, the three faiths together average about 3 children per family, the average worldwide is 2. That indicates something noteworthy to me. Allah told Prophet Adam to control Paradise and what is in it. That means Prophet Adam was the one who the jinn in Paradise answered to.

1:29 our Lord did not say Prophet Adam and his wife could eat from the tree of knowledge.

1:31 the writer of Genesis says that what God had created was very good.

2:2-3 these are false verses, these verses may have been added later after the Sabbath in the Book of Exodus. Our Lord is not limited. In Psalm 121:2-4, Allah does not rest.

2:4 Prophet Adam was the first human. We all descend from Prophet Adam. Prophet Adam was the first Muslim. Prophet Adam was a Muslim his entire life. That means we are all born Muslim.

2:5 this is a false verse that there were no plants on the earth yet. In Genesis 1:11, on the fourth day there were already plants on the earth.

2:7 the Lord made man from dust of the ground, same as clay in the Quran

2:10-14 Pishon is in the land of Havilah. Havilah is where the Ishmaelites dwelt. This would be somewhere in Yemen. Yemen has many gold mines. Shem named one of his three sons after the Ashur river. This may sound like the location of Dilmun a legend of a place that people lived eternal located in Qatar, however it is not. We have successfully found where the Gardens of Eden are.

2:15 this is a false verse; the verse is documented wrong. Our Lord is not called “the lord god”. The correct way of saying it is the Lord, the God of the Israelites. Or, the Lord, God Most High.

2:16-17 Prophet Adam and his wife were told by our Lord they could eat from any tree in the Gardens of Eden except for the tree of knowledge. Prophet Adam and his wife were told this after Genesis 1:29. Prophet Adam ate from the tree of knowledge, if he ate from the other tree, he would have become a God. Prophet Adam sinned when he was sharing knowledge with other lower gods on intellect, Prophets cannot be in the Gardens of Eden and not sin I guess because the environment is perfect and Prophet Adam wasn’t ready for it but when we humans go back to the Gardens of Eden, we will be ready. Whether or not Allah said this verse, Prophet Adam knew he would die if he ate from that tree. It was handed down that Prophet Adam knew, and Satan tempted him. That is in the Quran. The Bible does not explain what one of the trees was for, the Quran does.

2:18 the Lord said it is not good for a man to be alone. One can read this as it is not good for a man or woman to not be married. Also, women are helpers.

2:19-20 our Lord assigned Prophet Adam to name all the animals that were created in the Gardens of Eden. All animals were in the Gardens of Eden.

2:21-23 these are false verses of God making Prophet Adam enter a deep state of sleep and making a woman from a rib of Prophet Adam.

2:24 a man will leave his father and mother and hold on fast to his wife, they become one in flesh. This verse is in all Abrahamic faiths.

2:25 Prophet Adam and his wife felt no shame in the Gardens of Eden.

2:33 the man who is Prophet Adam's first word said it "this." I think Prophet Adam had many dialogues before this verse. I think Prophet Adam did say this verse. What is important here is that Prophet Adam's first words are something that all can understand.

3:1 the Serpent is another god that existed with Eve. The Serpent is not Satan, they have different names, The Serpent would have been called Satan if that was The Serpent's name.

3:2 the woman said to the Serpent that there were trees in the Gardens of Eden.

3:4-5 these are false verses since Prophet Adam would have knowledge of good and evil. Prophet Adam would become a god with powers. What makes people believe Allah would hide knowledge from Prophet Adam or that this serpent would lie to the woman?

3:6 the woman ate from the tree with her husband Prophet Adam. This is the same as the Quran.

3:7 we humans wear clothes after being expelled from the Gardens of Eden. This is the same as the Quran.

3:10 Prophet Adam and his wife hid because they were naked. This is the same as the Quran.

3:11 Allah asked Prophet Adam who told him he was naked. Allah also asked Prophet Adam if he ate from the tree he was commanded not to eat from. This is the same as the Quran.

3:13 we don't know if our Lord asked Prophet Adam's wife why she ate from the tree of knowledge and she told our Lord that the Serpent had deceived her. This is not the same conversation that Allah had with Prophet Adam and his wife in the Quran.

3:14 our Lord said to the Serpent that he would crawl on his belly and eat dust for the days of his life. Satan did not crawl on his belly nor did Satan eat dust in the Old Testament we have today, the false gospel, or the Quran.

3:15 everyone is capable of sin except for Prophet Isa after the woman ate from the tree of knowledge. This is the same as Islam.

3:16 our Lord says He will put enmity between Prophet Adam and his wife. This verse was not said to the Serpent. It was said to Prophet Adam and his wife. This is the same as the Quran.

3:17 Allah tells Prophet Adam that He told Prophet Adam not to eat from the tree of knowledge. This is the same as the Quran.

3:20 this is a false verse. Prophet Adam didn't name Eve. Eve's name means all living.

3:21 our Lord made clothing for Prophet Adam and his wife from animal skins.

3:22 this is a false verse; Prophet Adam already knew good and evil in the Gardens of Eden.

3:23 Prophet Adam was expelled from the Gardens of Eden. This is the same as the Quran.

3:24 what happened to Eve? Prophet Adam's wife was most likely Lilith the female demon, but this cannot be confirmed, we cannot confirm her name is Lilith. If Prophet Adam's wife isn't Lilith, I don't know who his wife would be. Cherub Angels and a flaming sword guard the way of the tree of life.

4:1 this is a false verse, Prophet Adam did not bore with Eve. Eve did not say she brought forth a man, that is Prophet Adam's name. We don't know if Cain was born before his brother Abel. We don't know what this verse is talking about since it involves Eve.

4:2-7 stories are fused together in Genesis 4. We do not know who she is who is Prophet Adam's wife gave birth to Abel in Genesis 4:2. Cain and Abel were not minor Prophets nor were they major Prophets. When Cain and Abel gave an offering to our Lord, Cain and Abel were not speaking to our Lord. Prophet Adam was the one who spoke to our Lord. Cain slew Abel, also Prophet Adam's wife who is unnamed, gives birth to Seth. We do not know how old Cain and Abel were when Cain executed Abel. Cain and Abel

were most likely in their 30’s since Seth was born after Abel was executed by Cain.

4:9 Cain is not a Prophet. We don’t know who Cain was talking to in these verses. Cain and Abel did not get along. This is the same as the Quran.

4:10 this verse may have been Prophet Adam speaking to Cain.

4:12 part of this verse is false, the crops that Cain grew, this is found in Genesis 4:17 where Cain built the first city.

4:15 our Lord may have said this to Prophet Adam when Prophet Adam was speaking to our Lord. Prophet Adam may have told Cain what our Lord said to him.

4:17 part of this verse is false; Cain did not marry his sister. It is forbidden in religious law. Cain was building a city after his son Enoch. Which group of people completed the city that was named after Enoch?

4:18-21 the first livestock farmers, instrument makers, and craftsmen were from the city Cain had built. This would be the first city ever being built in Arabia if this verse is correct. The people of the city of Cain lived in tents. Lamech had two wives. Jabal is the ancestor who dwells in tents and herds cattle. Jubal his brother was the father of all who play string instruments and pipers. Cain’s city has more inventions than the Sumerians claim that the Anunnaki taught them.

4:22 Zillah’s son Tubal-Cain forged all kinds of tools out of bronze and iron. In the First Book of Enoch, the Angel Azazel taught man how to build swords, knives, and breastplates, and revealed to them the metals of the earth and how to work with them. We don’t know this.

4:25 Seth is the third son of Prophet Adam and his wife. This was after Cain slew Abel.

4:26 after Enosh, people called on the name of the Lord.

5:1 Prophet Noah’s lineage beginning at Prophet Adam. The Israelites recited the books of the Old Testament, the Quran is recited by Muslims.

5:2 Allah created mankind; this is where mankind came about. Mankind was made in the likeness of God meaning God resembles us men.

5:4 there were names that were not translated well at all from Rabbinical Hebrew to Biblical Hebrew. I believe some names in the Bible we have today are far off.

5:5 we don’t know if Prophet Adam lived for 930 years. This is shorter than Prophet Noah who lived for 950 years. I doubt this verse is correct.

5:18-20 we don’t know if Jared lived for 962 years.

5:22 Prophet Enoch walked with God for 300 years. We don’t know if the Biblical Hebrew name Enoch translates to Idris in Arabic since Biblical Hebrew is lost.

5:24 if Prophet Enoch ascended to the Heavens, he came back from the Heavens and later died on the earth. If Prophet Enoch ascended to the Heavens, then he is a Prophet.

5:27 Methuselah was the man who had lived the longest on the earth. His name is the most Arabian in my opinion with selah, otherwise salah in his name.

5:28 Lamech was 182 years old when Prophet Noah was born.

5:30 Lamech lived for 595 years after Prophet Noah was born. Either Genesis 5:28 is false or Genesis 5:30 is false or both verses are false.

5:31 this is a false verse. Lamech did not live for 777 years.

5:32 the English language didn’t exist yet; Ham’s name doesn’t mean pork. Ham’s name is Arabian.

6:2 the sons of god are not Nephilim. Nephilim are from the sons of god. This was before the Flood in Prophet Noah’s time. Sumeria came about after the Flood.

6:3 the maximum a human can live to be is 120 years old

6:4 Nephilim which are giants, demons, or are called jinn roamed the earth and mixed with us humans creating abominations. The Nephilim are not from planet Nibiru. I don’t believe there is a planet Nibiru, but Zecharia Sitchin does, he is a credible source. I also don’t believe there is life outside of the Heavens, Hell, and the earth. The Nephilim are the ones who created all the false religions. The Nephilim still roam the earth though there are no more giants left there was a report where they were watching the Vietnam

War, I believe the report, but many don’t. The other theory is that the Nephilim are demons. The correct translation is the tribe of gods, this means gods impregnated women. Angels did not mate with us humans. Nephilim are not “aliens” and share nothing in common. Nephilim taught us humans’ wisdom which can be found in Proverbs.

6:5-6 I don’t know if this is true or not that everyone on the earth was evil that everything, they did was wrong, and Allah regretted making humans. I would say these verses are false. A verse says Lord was grieved at his heart watching this, this is interesting it may or may not be true. This would mean Allah has a heart like us humans. How can Allah regret what Allah knew would already happen? This verse is not a Prophet speaking so it cannot be confirmed Allah believed this. The word nacham for “comfort, saddened, or regret” means many different things, or we don’t know the Rabbinical Hebrew translation meaning.

6:7-9 the “earth” for the Arabs at the time was Arabia. The Arabs said our Lord flooded “the earth”. The alternative which I don’t believe is that the author of Genesis wanted the Israelite stories in the Book of Genesis to be global so the author said the Flood was global where the same was said about Prophet Abraham touring the Middle East on a camel. There is reason to believe the Flood is regional because the Israelites stories involving the Prophets took place in Arabia. Prophet Noah and his sons all spoke the same language. Rabbinical Hebrew did not begin until much later. This means Prophet Noah and his sons spoke Arabic. There were other languages taught at the time. The land of Cush repeats in Genesis 10:6, the land of Ashur repeats in Genesis 10:22. Sodom and Gomorrah were destroyed eight generations after the Flood, this gives more reason to believe the Flood was regional.

6:11-13 the Arabian tribes were full of violence and corrupted their ways, that’s why Allah flooded a section of Arabia. The earth wasn't flooded; a region of Arabia was. The Maarib Dam in Yemen collapsed and caused a flood which Prophet Noah was warned of by our Lord. Yemen was literate during the time of Prophet Noah, this is how we know the event happened in Yemen. This was because the al Bashar tribe did not punish murder with death. This caused personal and tribal vendettas to solve their matters outside of the law. Since floods were frequent during Prophet Noah’s time, it is very possible people prepared for floods but had no reason to believe Prophet Noah that this upcoming one would last forty days making the story realistic. What probably happened was the people of Noah were invited to

Noah’s Ark as the Flood was taking place. Noah’s Ark may have been far away from where the local tribes were in Yemen. If only the 29% to 34% of Christians today who do not support the death penalty knew this about the story of Prophet Noah, they would know they got their belief here all wrong.

7:1 Prophet Noah was righteous. Prophets know everything about life. This means Prophets knew everything about other religions when encountering the Israelite enemies as example Prophet David when he encountered the Amalekites. This included Prophets Moses and Aaron when they encountered Pharaoh at the time. Also, Prophet Noah knew everything about the different religions of Ancient Yemen during his time.

7:6 this is a false verse that Prophet Noah was 600 years old during the Flood. Prophet Noah stayed with the people of Noah for 950 years.

7:7 Prophet Noah and his family members enter the Ark.

7:13 the verse is then repeated that Prophet Noah and his family members entered the Ark.

7:20 this is a false verse; the Flood did not cause the water from the Flood to rise to cover the mountains to a depth of more than twenty-two feet.

8:4 the mountains of Ararat is the range where Noah’s Ark is. The mountain Noah’s Ark is on is Mount Judi which is in the range of the mountains of Ararat. Mount Ararat and Mount Arafat in mecca are close in spelling. The two locations are in the Hijaz in Arabia. Also, both are hills. Mount Ararat is in the Najd in Central Arabia whereas Mount Arafat is not. I believe the name Mount Arafat was taken from Mount Ararat.

8:6-12 only a dove and a raven are mentioned as animals on Noah’s Ark.

8:21 Allah says man’s heart is evil, but our Lord promises to never flood the earth again.

9:3-4 animals are made as meat for us humans.

9:5-6 capital punishment for murder. Also, whoever sheds blood their blood shall be shed, that means there are punishments in the world for doing the wrong thing.

9:7 Prophet Noah's people were instructed to be fruitful and multiply.

9:15 this is a false verse of Allah sending the Flood to destroy all life.

9:20-23 false story as to why Canaan was cursed.

9:28 it is doubtful that Prophet Noah lived 350 years after the Flood.

9:29 this is a false verse that Prophet Noah lived 950 years. The Quran says that Prophet Noah lived with the people of Noah for 950 years.

10:5 Prophet Noah and his sons all spoke the same language. Rabbinical Hebrew did not begin until much later. This means Prophet Noah and his sons spoke Arabic. There were other languages taught at the time. The Gentiles were divided after their families by their tongues and their nations. This is the first Gentile; Goyim reference in Scripture.

10:7 Raamah is Najran in Southern Arabia. Raamah is listed before Dedan. Ramaah's son is called Dedan. The Dedanites were called the Lihyan people in Northern Arabia. Dedan was a kingdom known as a costal people from the 7th century B.C.E. to 24 B.C.E. who lived in Western Arabia who had their own capital named Dedan. They were always known to be descendants of Prophet Ishmael.

10:8-12 Nimrod was claimed to worship fire, yet every ruler of Ur for thousands of years worshipped the false moon god. This story is found in the Talmud. Since there is no one called Nimrod throughout history, the word Nimrod could mean anything such as a word used to describe a fishing pole. Because there is no evidence for Nimrod, it becomes believable that people would have false sayings of Jesus saying that he is god. The people who record the Bible we have today can just come up with stuff that sounds like a good idea to them. It sounds the same as Jesus being god of Nimrod worshipping fire since both claims of worship have no evidence of it. No one can disprove what I say here until they can find historical evidence of Nimrod and that he worshipped fire. There is no connection of Nimrod to the Tower of Babel. Nimrod is a story that doesn't involve a Prophet giving less reason to believe it. This is an example in Genesis where there is less known about a figure in Genesis than what the public will tell you.

10:20 the sons of Ham were divided after their families by their tongues and their nations.

10:22 a son of Shem is Ashur. One of the Muslim holidays is Ashura.

10:25 we don't know if the earth was divided into different continents during Peleg's time. This verse could mean that languages were divided during Peleg's time. This verse is before the Tower of Babel story in Genesis

11:1-9. The land was divided after the Akkadians emerged; this was a new Mesopotamian rival. Joktan, the son of Eber became a tribe much later in Arabia during Muhammad's time called Banu Qahtan. This verse is noteworthy.

10:26 Joktan is known to South Arabia as the ancestor of the Qahtanite tribe that descend Prophet Ishamel. Joktan's son Hazarmaveth has a region in Southern Arabia called Hadhramaut. Joktan's son Sheleph is the name of a Yemenite tribe or district. Joktan's son Almodad is the founder of a Southern Arabian tribe.

10:27 there is a region named Azal in Sanaa Yemen after Joktan's son Uzal. Diklah who is one of Joktan's son name means palm tree in Biblical Hebrew.

10:28 Abimael is an Arabian name. Abi means "father of" in Arabic. Sheba is one of Joktan's sons. When brought up in a conversation about Sheba, most if not all people think of the Queen of Sheba. Several of Joktan's sons are traced in Araba. This is more evidence that the Queen of Sheba was the Queen of a Yemenite Kingdom. The name of Sheba was present since the Book of Genesis.

10:29 Jobab one of Joktan's sons became king of Edom later in Genesis 36. Jobab could be Prophet Job's former name, they both lived in the same land, and they were both wealthy. We will never know if they are the same.

10:31 the sons of Shem were divided after their families by their tongues and by their nations.

11:1-8 these are false verses that there was one language before the Tower of Babel. This means there wasn't a Tower of Babel, since Genesis 10:31 said there were many languages before the Tower of Babel. A verse in the story says to reach the Heavens, let us make a name for ourselves, otherwise, we will be scattered over the face of the earth. This means they were not scattered because they tried to reach the Heavens. I am not sure what this means, this brings more doubt to the story. The Tower of Babel is mythology to explain how different languages were created. We can trace the origins of languages making this story highly unlikely to have happened. It is allegorical in the sense that we are not allowed to reach our Lord, and this is why each country has its shortcomings. The ziggurats in Babylon are completed. The Tower of Babel is a story that doesn't involve a Prophet giving less reason to believe it. It is false that all languages and religions came from Babylon. All languages and religions came from Arabia. There is

a story of Pharaoh wanting to reach God to see our Lord. This concept may have been handed down from generation from tribe to nations where many tribes and nations tried to reach our Lord. The Book of Genesis are tribal Israelite stories within the Arabian region. The Tower of Babel story is out of place.

11:9 in several clay tablets in Sumeria, the Anunnaki have wings, this means Anunnaki are Angels from the Heavens. They are Angels because they have four wings. The Quran confirms that there are Angels with four wings. The Anunnaki ascended from the Heavens, the Anunnaki did not fall from the Heavens. This explains the ziggurats in ancient Sumeria that the Anunnaki were giving information of life to the religious priests told through tablets. Allah gave us the explanation of Anunnaki talking to man, so we do not go to polytheism. The clay tablets in Sumeria were not from Arabia. These events were not part of Scripture; Scripture is sent only in Arabia. The Angels that revealed revelation probably stay in Arabia.

11:11 this is a false verse; Shem did not live until age 500. Shem is Prophet Abraham’s great grandfather; Shem did not live longer than Prophet Abraham who lived until age 175 in Genesis 25:7.

11:12-15 Prophet Salah a major Prophets lineage is told in these verses. Salah means prayer in Arabic; this is more evidence that the Prophets are Arabian.

11:26 Terah was 70 years old when Abram was born.

11:28 the land of Kasdim in Biblical Hebrew does not translate to Ur of Chaldean. Kasdim is a land in Arabia. Or Ur of Chaldean is a reference to a dynasty known as the Chaldeans that existed somewhere between 1,000 B.C.E. to 600 B.C.E. This would be over 1000 years after Prophet Ibrahim. This is important because the central figure in the faith traveled all around the Middle East to unite it. Is it possible that the Muslims wrote this story in to make their faith global and accessible to all? Prophet Ibrahim knows all cultures in the Middle East and is respected by them, he’s relatable to all the people at that time. Few seem to ask this question. I believe Kasdim is a land in Arabia and does not translate to Ur of Chaldean. Also, the name Kasdim may be different in Rabbinical Hebrew. Babylon was the biggest city with over 200,000 people from 1,900 B.C.E. to 1,600 B.C.E. Ur in Iraq is East of Babylon in Iraq. Historians placed Kasdim in Arabia as Ur in Iraq because there was a kingdom called Ur III in Iraq during Prophet Abraham’s time and because Ur in Iraq was near a popular city in Babylon

and because there was a kingdom called the third kingdom of Ur in Mesopotamia at the time of Prophet Abraham. Kasdim is not related to Ur in Mesopotamia and the third kingdom of Ur. Historians were trying to say that Prophet Abraham was near a big city since historians believed Prophet Abraham's journey took place throughout the Middle East from Ur in Mesopotamia to Palestine. The journey the historians believed was near Babylon from Ur in Mesopotamia to Palestine.

11:31 Terah took his son Abram, Lot the son of Haran, and Sarai his daughter in-law and his wife from Kasdim into the land of Canaan, when they stopped at Haran, they dwelled there. If Kasdim was in Babylon, that would mean Terah went south from Babylon to Arabia. Or Terah went north from Kasdim in Arabia into the land of Canaan in Northern Arabia. There is an error in this verse that Abram was not a Biblical figure and Sarai either wasn't Terah's daughter in-law or is not a Biblical figure. Also, Prophet Lot did not live in Kasdim.

11:32 Terah was 205 years when he died in Haran. This would mean Abram was 135 years old when Terah died.

12:2 this is a false verse that Abram was blessed by Allah during his time of reign. I believe the verse was intended to be about Prophet Ibrahim.

12:3 this is a false verse that our Lord will bless those who bless you and curse those who curse you. This verse is speaking to Abram. I believe the verse was intended to be about Prophet Ibrahim.

12:4 Abram was 75 years old when he left Haran. This was after Terah died. Terah could have been no older than 145 when he died; or Abram was 75 years old after he had lived 135 years. Terah in Biblical Hebrew means the same as Azar in Arabic though their names are somewhat different. The translation in Biblical Hebrew is Haran, not Harran. Haran is not the city in Harran in Turkey. Harran a city in Turkey would have been a big detour from Ur of Chaldeans to Palestine. Some of them now think it is the city Urfa in Turkey.

12:6 this is a false verse, Prophet Abraham did not own a camel.

12:13 Abram and Abraham mean the same of father of a nation in Biblical Hebrew. However, I don't believe Abram is the same person as Abraham nor do I believe the writers of the Old Testament mistook Prophet Abraham's name for Abram. Sarai and Sarah mean the same of princess in Biblical Hebrew. Sarah may have been called Sarai because she was an

Arabian princess. Part of what doesn't make this believable is that the name Abram and Abraham along with Sarai and Sarah are similar mean the same in Biblical Hebrew whereas and Jacob and Israel are not similar, and Jacob and Israel mean something different in Biblical Hebrew.

12:15 it is doubtful that the king of Mizraim was the Pharaoh at the time of Abram or Prophet Abraham. There may not have been a Pharaoh in a city near Mecca. There is more reason to believe this event didn't happen with either Abram or Prophet Abraham. the leader of Mizraim during Abram's time is named or titled pharaoh, king of Mizraim. It is doubtful that pharaoh was the leader's name or title.

13:8 we don't know if Prophet Lot is Prophet Abraham's brother or Prophet Lot is Prophet Abraham's nephew. In Gensis 11:27 and Genesis 11:31, Prophet Lost is Abram's nephew. Prophet Lot could be Prophet Lot's brother in religion. The four verses in the Book of Genesis which reference Prophet Lot being related to Abram are 11:27, 11:31, 12:5, 13:8. These verses reference Abram, not Prophet Abraham.

14:1 there was a tribal kingdom that Abram fought in the Battle of Siddim with a name we do not know with a leader called Tidal, the name of the tribe is not goyim. I would think the name of these tribal kingdoms are lost or there was a battle with Abram and not Prophet Abraham. Or this war never happened at all. I think Abram was a Polytheist king of a tribe in Mesopotamia that got added in the Bible who had no relations to the Israelites. This story could have been added when the Israelites were in Babylonian Captivity since the story took place in the region, however I doubt it. We don't know which stories were added from Babylonian Captivity, I don't believe many were added from myths in that region. I believe the Battle of Siddim happened in the Middle East in modern day Iraq, it did not involve Arabian kingdoms on Arabian land. There are many factors as to what happened in the story is not present such as the warrior who led the fight was not named "Abram", this fight was between kingdoms in Mesopotamia, not involving kingdoms in Arabia such as Bela, Admah, Sodom, and Gomorrah. The Israelites mixed surrounding kingdoms in Arabia with unrelated Mesopotamian kingdoms for a portion of the stories in Genesis. As example, Elam is an ancient land in Persia and Shinar is land in Mesopotamia.

14:8 Melchizedek is not a person. Melchizedek means "honest king."

14:14 this is a false verse. The land of Dan's name came later.

14:19 this verse is a reference of heaven in Genesis. This means the Israelites knew about the Heavens early on.

15:7 the mistake people make is that they believe God is saying Prophet Abraham came out of Ur of Chaldean in this verse. All Prophets came from Arabia. We don’t know if our Lord said this or not.

15:8 wadis are found most in Arabia. Wadi is an Arabic term.

15:13 this is a false verse. The Israelites were not enslaved in Mizraim for 400 years. Slavery did not last in Egypt for a span of 400 years. The longest the Israelites could have been enslaved for is 358 years. This would have taken place after Prophet Joseph passed away.

15:18-21 these are false verses that Abram was promised the Nile to the Euphrates River. There are three points, Abram is not Prophet Ibrahim. Genesis 15:18 says that the descendants of Abram are Promised from the Nile to the Euphrates River, Prophet Ibrahim’s two sons are Ishmael and Isaac. Ishmael is said to be the descendants of Arabs, this means the Nile to the Euphrates would be shared with the descendants of Ishmael which are Arabs, and the land would be shared with the descendants of Isaac. The Arabs already conquered the land from the Nile to the Euphrates during the Rashidun Caliphate.

16:7-13 Hagar ran away; no one said it would be easy being a Muslim. An Angel assured Hagar that she would raise Prophet Ishmael. The Angel assured her that she would be successful on the earth, she would be honored on the earth, and she would be raised to a high status in Paradise.

16:16 Prophet Ibrahim was 86 when he bore Ishmael with Hagar. The truth is we don't know his age since Prophet Abraham was circumcised at 80. Ismail in Arabic and Ishmail in Biblical Hebrew almost sound the same.

17:1 Prophet Elijah informed king Ahab that God would cause a drought in Ancient Israel in Arabia for two or three years because king Ahab brought in the false god Asherah’s pole idol to celebrate it. We don’t know how long the drought lasted in Ancient Israel.

17:3 Abram bowed his head down to the floor

17:4-5 Allah says that Abram will be the father of many nations. if the people claiming to be Jews are the seed of Prophet Ibrahim, why are they only one small nation and not many nations? This is why it is more

believable Prophet Ibrahim was an Arab Muslim. Prophet Isaac is confirmed to be an Arab. It cannot be a reference to Christianity because Christianity was dominant by the Gentiles, Paul was speaking the spiritual seed so Prophet Abraham’s physical seed wouldn’t have been many nations.

17:6 this is proven true. Kings of Arabia descended from Prophet Abraham. It is a fact that Prophet Abraham was a leader of a tribe in Arabia. It is highly unlike Prophet Abraham was a leader of a different tribe before he left his father Azar’s house. The term children of Israel and Judah which is used for the terms Jew and Judaism came much after Prophet Abraham’s time. This is also true with Christian and Christianity. Prophet Abraham being a Muslim likely.

17:9-14 we don’t know if God or an Angel spoke to Prophet Abraham to circumcise himself.

17:17 this is a false verse; Prophet Ibrahim was 100 and Sarah was 90 when he bore Isaac with her. The truth is we don't know his age since Prophet Ibrahim was circumcised at 80.

17:20 this is a Prophet Muhammad reference where Prophet Ishmael would be fruitful and would be into a great nation known as the Ummah.

17:21 this is a false verse that the covenant was made with Prophet Isaac. The covenant was made with Prophet Ishmael which is found in the Quran. If Prophet Ishmael is blessed and Prophet Muhammad is from Prophet Ishmael, that means there is truth to Muhammad being a Prophet since Islam covers a portion of the earth. It can’t be both that the covenant is with Isaac and Ishmael is blessed. We don’t know if Prophet Abraham was a young man when he started preaching with his wife Sarah because the Quran said some described him as a young man when he broke the polytheists idols. Ishmael was a very common name in ancient Arabia.

17:24 this is a false verse; Prophet Abraham was 80 when he circumcised himself with an adze.

18:1-11 Prophet Abraham was visited by 3 Angels inside of his tents at the entrance of it. Prophet Abraham bowed to the ground when seeing them.

18:12 Sarah explaining she was too old to have children is the same as the Quran.

18:14 an Angels asked Prophet Abraham “is anything too hard for the Lord?”

18:19 the Lord tells Prophet Abraham that he will command his children and his household to keep the way of the Lord doing what is right and serving justice.

18:24-33 Prophet Abraham pleads for Allah’s mercy. This is the same as the Quran.

19:1 Sodom and Gomorrah raped people, they felt no shame. They wouldn't take the virgin Muslim women in faith who are not Prophet Lot’s biological daughters over raping a male. Prophet Lot was not saying if you want to have anal sex than have it with women. We do not know if Prophet Lot’s wife left. We know Prophet Lot’s wife either looked back or stayed behind with the people of Lot during the volcanic eruption. It is false that Prophet Lot’s wife turned to salt. No matter who spoke to the people of Lot, none could convince the Lord to prevent their destruction, the decision was final the second it was decided. The people in it became arrogant to the point where they turned to evil that we have only seen during World War II after Germany surrendered. They went too far in evil; Allah is just to destroy them all. It should be added that we have never seen an entire community of people like this in any country or at any time in history where an entire town is evil. Where there is a good town, there are a few evil people, where there is an evil town; there are a few good people. This is the law of the world today, the world needed divine guidance to prevent this from ever happening again. All the men without exception, from young to old went to Prophet Lot’s house. In a later verse, Prophet Lot’s two sons did not go to his house.

19:13 the Angels say we are about to destroy Sodom and Gomorrah. This means our Lord and the Angels would destroy Sodom and Gomorrah. This is the same as the Quran when our Lord and Gabriel destroyed a village, the Quran used the word we.

19:30-37 these are false verses to try to explain that Prophet Lot's daughters would have had to do this to continue their bloodline. They were taught to preserve their family line as handed down from generations. They were just to do so since there were no other men for them to mate with. Prophet Lot would have sinned having sex with his daughters without his consent while he was drunk, however Prophets do not drink. This is the

writer’s explanation of how the Moabites and Ammonites began who had fought the Israelites.

19:38 God destroyed the Zamzummim so that the descendants of Prophet Lot’s son Ben-Ammi could live in the land of Arabia.

20:12 this is a false verse of Prophet Abraham saying Sarah is the sister of his father. We know Prophet Abraham isn’t describing Sarah as his sister in faith because the word sister is used twice in this false verse.

21:1-7 Sarah became pregnant with Isaac when Prophet Abraham was an old age. Prophet Abraham circumcised Isaac when he was eight days old. Sarah says our Lord brought her laughter and that everyone will laugh with her because Prophet Abraham was an old age when she gave birth to Isaac. We don’t know if Prophet Abraham was a young man when he started preaching with his wife Sarah because the Quran said some described him as a young man when he broke the polytheists idols. Ishmael was a very common name in ancient Arabia. Sarai and Sarah mean princess. Sarah was an Arabian princess. That means Prophet Abraham was a king in Arabia.

21:17-19 this is the Zamzam Well. Prophet Ishmael is told in scripture he will make a great nation known as the Ummah.

21:20 Prophet Ishmael was an archer. Prophet Muhammad spoke of archery saying Prophet Ishmael was an archer in the hadiths.

21:21 Paran is the same as Hejaz.

21:31 Prophet Abraham renamed the location to Beersheba.

22:1-2 these are false verses, the writer had heard of Prophet Abraham’s dream of sacrificing one of his two sons. The writer claimed that it was our Lord who spoke to Prophet Abraham telling him to sacrifice one of his two sons. The writer heard from others a story that Prophet Abraham’s son Prophet Isaac was the son in Prophet Abraham’s dream, the writer did not know which son Prophet Abraham’s dream was about. The writer was wrong that Prophet Abraham’s only son was Prophet Isaac. The writer was correct that he heard our Lord was testing Prophet Abraham.

22:3-7 Allah did not command Prophet Abraham to kill his son Isaac, this is Arabian mythology of a false god named Abram who had sacrificed his own son.

22:8 this is a false verse that Prophet Abraham said a lamb would be sacrificed, a ram was sacrificed in Genesis 22:13.

22:13 the ram sacrifice is the same as the Quran.

22:18 Allah promised Prophet Abraham that all nations would be blessed through his seed. I think this verse means the covenant was for anyone through Prophet Abraham's seed that they can convert and be a Muslim because Prophet Abraham's seed had multiplied, and Islam became dominant.

23:19-20 Sarah buried at the Cave of Patriarchs at Hebron in Arabia

23:23-24 one of Prophet Abraham's brothers Nachor had a son named Maacah. His son was born after Prophet Abraham and Prophet Ishmael rebuilt the Kaaba in Mecca in Arabia. The Biblical Hebrew word most likely translates to Mecca. Nachor's son was born in Mecca in Arabia. This means Prophet Abraham's brother Nachor lived close to Prophet Abraham in Mecca. His name is Arabian.

24:14-23 these are false verses. Prophet Abraham did not own a camel.

24:24-47 Prophet Isaac prayed to Allah for a woman which he got in Rebekah which he prayed for. Rebekah repeated what he claimed his future wife would say. Rebekah came out with a water jar on her shoulder.

24:51 Rebekah's name is Rebekah, not Rebecca. Rebekah is similar to Makkah which is Mecca in Arabia. Rebekah is an Arabian name.

24:63 Prophet Isaac meditated. This is the first reference of meditate in history.

24:65 this is a veil reference. The hijab goes back to the Book of Genesis in 1,890 B.C.E. with Rebekah wearing a hijab. During ancient Israel's time, every woman wore a veil with exception to prostitutes and some women. Women could not be Priests or warriors; Prophet Muhammad gave women the right to be warriors. Some women were preachers. Women could own property, this meant Prophet Muhammad gave the Arab women the right back that they had lost, not that Islam gave the right much later.

25:1-2 we don't know if Keturah was a concubine of Prophet Abraham since Abram of Beersheba is listed. It is possible since they lived in the same county as Prophet Ishmael. Prophet Abraham had six sons with his concubine Keturah. His sons with his concubine Keturah were Zimran,

Medan, Midian, Ishbak, and Shuah. Zimran is an Arabian name. Midian is an Arabian name.

25:3 one of Prophet Abraham's sons is Jokshan. Jokshan had two sons named Sheba and Dedan. Sheba could be the first reference to Sheba in Yemen, Sheba was later known as the kingdom of Sheba in Southern Arabia. Jokshan's other son is named Dedan. The people of Dedan were in Western Arabia. Sheba is an Arabian name. Dedan is an Arabian name.

25:7 I doubt that Prophet Abraham lived until age 175.

25:8-10 Prophet Abraham buried at the Cave of Patriarchs at Hebron in Arabia, no one knows where the Cave of Patriarchs is or if the Cave of Patriarchs exists. We don't know if Abraham translates to Ibrahim in Rabbinical Hebrew. Someone may have called Prophet Ibrahim by name of Abraham to indicate that Prophet Ibrahim is an Arab from the desert since Arab is in the name Abraham. The person may have known the name Ham and thought Prophet Ibrahim's descended from Ham the Arab who is a son of Prophet Noah. However, Prophet Ibrahim descended from Shem and not Ham. What could have happened is people had confused Prophet Ibrahim descending from Ham instead of Shem.

25:13 Prophet Ishmael's first son is Kedar. Kedar are the Qedarites in North Arabia who are descendants of Prophet Ishmael. The Qedarites started in Northern Arabia. Prophet Muhammad is a descendant of the Kedar. Abdeel is the third son of Prophet Ishamel. The name Abeel is known to Northwest Arabia during 8th century B.C.E. as a name and a tribe.

25:14 Massa is an Arabian tribe.

25:16 the sons of Prophet Ishmael had camps they remained at

25:18 Shur is near Midian, Havilah is where the Ishmaelites dwelt

25:19 Prophet Isaac married Rebekah when he was 40 years old.

25:21-34 Prophet Jacob and Esau had the same father and mother which means they looked about the same. Prophet Jacob dwelled in tents. This is correct that we humans started life in tents as a way of living.

26:1 Abimelech which means Abu Malik is an Arabian name

26:4 Allah tells Prophet Abraham his seed will produce offspring as numerous as the sky and Allah will give his seed all these lands in the

Middle East. This is a prophecy of Muhammad guiding the Arabs to conquer the Middle East.

26:23-32 I don’t believe Prophets Abraham and Isaac renamed the location to Beersheba. We don’t know which Prophet renamed the location to Beersheba.

27:1-46 this is a false story of Prophet Jacob stealing Esau’s blessings

27:28 this is a false verse that wine is a blessing of the land

27:29 this had already occurred with Prophet Jacob creating Israel

28:12-15 Prophet Jacob had a dream of a ladder to the Heavens. The Lord spoke promised in Prophet Jacob’s dream that Arabs would descend worldwide. All are blessed through Prophet Abraham and his offspring by being a part of an Abrahamic faith. Allah promised Prophet Jacob that he would bring him back to Behel. Prophet Jacob goes back to Bethel to build an alter for our Lord in Genesis 35:1-14.

28:22 Prophet Jacob gave a tenth of his earnings to Allah, this is a tithe.

29:14-29 Prophet Jacob is in love with Rachel who is Laban’s daughter. Prophet Jacob worked seven years for Laban to marry Rachel. Laban tricks Prophet Jacob by marrying his other daughter Leah. Bridal week was known thousands of years ago. Prophet Jacob worked another seven years to marry Rachel. Prophet Jacob worked hard to marry Rachel. Leah and Rachel looked very similar. Rachel and Leah are cousins of one another.

29:30 a false verse that Prophet Jacob loved Rachel more than Leah. In Islam, Prophets love their wives equally.

29:31-35 Leah may have been hated because of her religion in Arabia that she wasn’t an Israelite. Hatred by her religion because she could not conceive, the polytheists didn’t accept her whereas the Israelites did. In Genesis 29:30, the verse says Leah was loved by Prophet Jacob while Rachel was loved more. That was not the reason why Leah gave birth to Reuben, Simeon, Levi, and Judah. Leah may have been excited that she had given birth to Reuben, her first son before Rachel had a son or daughter.

30:1-6 women of the Lord want to bear children. Rachel along with Sarah are examples of such.

30:11 one of Prophet Jacob’s sons name is Gad. His name is Arabian.

30:13 Prophet Jacob’s second son’s name is Asher. Asher’s name is Arabian.

31:13 the Kaaba is referenced as a pillar in Bethel otherwise known as Mecca

31:19 Rachel stole her father’s household false gods which were idols.

31:24 this is a false verse. Our Lord did not speak to Laban in a dream. Our Lord only speaks to Prophets in dreams.

31:29 Laban falsely claims that Allah spoke to him to tell him not to attack Prophet Jacob for stealing his idols.

31:30 Laban asks Prophet Jacob why he stole his idols

31:35 a false verse that Rachel referred to her father Laban as “my lord”.

32:20 Allah saw Prophet Jacob face to face, only Prophets could talk to Allah face to face. Also, no one can ever claim “you don’t see God”, Prophet Jacob and Prophet Moses saw Allah face to face. Prophets never lie about anything.

32:28-32 this is a false story about Prophet Jacob wrestling with God and winning. The wrestle lasted from sunrise to sunset, that’s unheard of. A human cannot wrestle with God and win, this is not physically possible. The correct story is that Prophet Jacob wrestled with an Angel and won. This story is why Prophet Jacob was renamed to Israel.

34:1-31 Prophet Jacob took the whole village lead by Shechem the Canaanite after Shechem raped his daughter Dinah. Shechem was not circumcised. Prophet Jacob knew he would be hated within the land of Canaan.

35:2 Prophet Jacob tells his household to get rid of all the foreign false gods they have with them in Bethel Arabia

35:4 Prophet Jacob’s buried the false gods under an oak tree. Oak trees are known to Arabia only in the Southern part of Arabia. This matches that Prophet Jacob lived in Southern Arabia.

35:19 Prophet Joseph’s mother Rachel died and was buried on the way to Bethlehem Arabia.

35:22 you cannot sleep with your father’s concubine. This is the same as Islam.

35:23 Simeon is the son of Prophet Jacob. His name is Arabian.

36:3 Bashemath’s father is Ishmael, in Genesis 26:34 it is Elon the Hittite

36:11 the sons of Eliphaz

36:12 Timnah was Eliphaz concubine, in Chronicles 1:36 he is his son. Timna today is an ancient city in Yemen.

36:15-16 these verses list less names of the sons of Elipaz

36:20 Prophet Joseph went to prison. This means it is not a sin to go to prison.

36:31 this verse shows that the Prophets may have been kings of Arabian tribes before this verse was in the Book of Genesis.

36:33-34 Jobab son Zerah was elected king after Bela. When Jobab died Husam succeeded him.

37:9 this is a false verse of the sun, the moon, and 11 stars would bow down to Prophet Joseph. This means his mother, his father, and his 11 brothers would bow down to him.

37:20-22 these are false verses that Prophet Jacob sends Prophet Joseph. The Quran confirms that Prophet Joseph’s father sent Prophet Joseph.

37:25 camels were domesticated in Arabia, not till after Alexander's reign where they domesticated which happened at least 1000 after the Exodus occurred in the Bible. Gum, balm, and myrrh were part of an Arabian trade that flourished in the 8th and 7th centuries under the Assyrian Empire. Arabia knew many false gods throughout its history.

37:26-36 Prophet Joseph was thrown into a well by his brother. Prophet Joseph was sold to Midianites to the Ishmaelites for 20 pieces of silver. The Ishmaelites sold Prophet Joseph to a wealthy man of Mizraim. This is the same as the Quran. Ishmaelites, who were Midianite traders.

38:1 Adullam is an Arabian name.

38:4 Onan is an Arabian name.

38:8-10 Onan purposely betrayed Allah by practicing coitus interruptus on his brother's wife, his fluid spilled on the floor. Onan did this because he

knew he could not keep the child. Coitus interruptus is addressed in the hadiths where it is discouraged.

38:14 a veil reference

38:13 Tamar is an Arabian name. Tamar was named after a date palm tree to mean beautiful.

39:1 this is a false verse, the leader during Prophet Joseph's time was the king of Mizraim. The leader during the time of Prophet Joseph was not Pharaoh. The title Pharaoh came much later in the city of Mizraim.

39:14 the king of Mizraim's captain named Potiphar's wife falsely claims that Prophet Joseph tried to sleep with her to make fun of the Mizraims as a way of saying their women are cheap.

39:15-22 Potiphar's wife tried to seduce Prophet Joseph; he refused her. He was falsely accused. He sat in jail, and he made the most of it by being held responsible for all in prison. This is the same as the Quran.

40:1-23 Prophet Joseph interprets a dream of the king of Mizraim. This is the same as the Quran.

41:1 the leader of Mizraim during Prophet Joseph's time is named or titled pharaoh, king of Mizraim. It is doubtful that pharaoh was the leader's name or title. Pharaoh was not used before Prophet Moses's time for Egypt, this is confirmed in history. That means there is less reason to believe the Israelite stories took place in Egypt. What I believe is that the ruler during Prophet Joseph's time was not called Pharaoh. I believe the ruler during Prophet Moses's time name was Pharaoh not his title. We know the ruler during Prophet Moses's time name or title was Pharaoh because it is in the Quran. Whoever ruled during Prophet Joseph's time was not mentioned by name in the Quran, we don't know what the king's name was. The leader during Prophet Joseph's times title was a king in Arabia. Those who compiled the Bible mistook Pharaoh's name to mean a king, the author replaced the title of king as pharaoh. The Israelites didn't know what the name of the king during Prophet Joseph's times name was, they would have referred to him as a king but would have provided the name. Instead, the person who complied the Bible chose to call the king during Prophet Joseph's time by what he thought was a title of a "pharaoh."

41:15 this is a false verse that Prophet Joseph's name became Zaphenath-paneah. Potipherah and Potiphar are not the same person.

41:16 Prophet Joseph was 30 years old when he served the king of Mizraim. There is no evidence of Prophet Joseph living in Egypt.

41:17-21 the king’s dream told to Prophet Joseph is the same as the Quran.

41:29-57 these are false verses claiming that Prophet Joseph used a famine to gain control of Egypt. A reason why it is false is because Prophet Joseph cannot wear gold because he is a Muslim.

45:1 Prophet Joseph makes himself known to his biological brothers. This is the same as the Quran.

45:10 the land of Goshen is told of several times in scripture. If Goshen were in Egypt, it would only be used again for Prophet Moses if it were to be if Prophet Moses were in Egypt. Egypt was known for its fertile land. Egypt was not known for mountains. Goshen is known in Arabia.

46:2 Prophet Jacob’s new name is Israel. Israel means Abdullah in Arabic. Prophet Muhammad’s father’s name was Abdullah.

46:3 there is no evidence of Prophet Jacob living in Egypt.

46:5 this is a false verse of a Pharaoh living in Mizraim during Prophet Jacob’s time. Pharoah is the name of the king of Mizraim during Prophet Moses’s time.

47:13-31 these are false verses that Prophet Joseph foretold of a famine in Canaan, the king of Mizraim listened. Prophet Joseph bought all the grain and favorite it to the Arabs in exchange for their land knowing the famine would strike. Prophet Joseph in the story usurped the Arabians that were not Israelites. Usury is illegal in the Islamic faith. The Quran confirms Prophet Joseph did not usurp the people of Mizraim.

49:1-27 this is a blessing of Prophet Jacob where Judah and his descendants will be rulers, this also is a Nebuchadnezzar II reference for seizing Jerusalem and took over Judah and ended the Prophet Davidic line in the 6th century B.C.E. A scepter used by ruling authority reference.

49:29-33 Prophet Jacob wanted to be buried in the same cave as Prophet Abraham and his wife Sarah and Prophet Isaac and his wife Rebecca.

50:1 Prophet Joseph wept because his father died. He had a tough time.

50:6 the king of Mizraim allowed for Prophet Joseph to have his father buried in the cave Prophet Joseph had requested.

50:10 Prophet Joseph mourned for seven days.

50:11 the village was renamed to Mizraim because the people of Mizraim saw Prophet Joseph's household and his brother's household mourning the event. We don't know if that is how the village of Mizraim got its name.

50:13 Prophet Jacob was buried in a cave at Machpelah.

50:20 Prophet Joseph says that his brothers intended something evil for him, God had intended good for Prophet Joseph. Prophet Joseph accomplished the good God wanted. Prophet Joseph says he has saved many lives after the good that was accomplished. Prophet Joseph may be referring to his brothers in religion, not his biological brothers here.

Book of Exodus:

1:1 the Ancient Egyptians did a good job of keeping records of events during their time. There were no records of Prophet Moses or the Israelites. Ancient Egyptian kings were obese. Pharaoh meant "great house", later Egypt used Pharaoh for both "great house" and Pharaoh as a title for its kings. In Arabia, Pharaoh did not mean "great house". This is less reason to believe the Exodus happened in Egypt.

1:6-7 after the time of Prophet Joseph, Mizraim was filled with Israelites.

1:8 a new king to who knew nothing about Prophet Joseph came to power in Mizraim. This is more evidence that Pharaoh is his real name, and his title is king. Also, there is more evidence that the ruler during Prophet Joseph's time was a king. There is a tribe in Rania South Arabia called Faraons.

1:9-10 the king of Mizraim thought the Israelites would join a neighboring enemy because there were so many Israelites, he enslaved the Israelites in Mizraim. The king of Mizraim had an order that those who committed treason in the land would have all their sons slaughtered and their women married off. This means there is less reason to believe that the Exodus happened in Egypt since there never was a decree of it in Egypt.

1:11 Pithom and Raamses are located in Mizraim in Arabia.

1:14 the king of Mizraim had put the Israelites through unethical work labor. Pharaoh who later became the king of Mizraim put the Israelites through unethical work labor. Pharaoh is the Arabic title for tribal chieftain.

1:16-18 these are false verses, the king of Mizraim did not issue the decree, Pharaoh did. The midwives responded to Pharaoh in Exodus 1:19.

1:22 Pharaoh commanded his soldiers to massacre the Israelites sons. Pharaoh viewed himself as a god and he felt he could make no error. Pharaoh gave out an order to all his people, this means all tribes and slaves of Mizraim. This is the same as the Quran.

2:1-2 Prophet Moses's mother hid Prophet Moses from Pharaoh for three months. This is the same as the Quran.

2:4 Prophet Moses's older sister Miriam were reunited later.

2:5-6 we will never know if this story is true that Prophet Moses had to be hidden from Pharaoh and Prophet Moses was found by Pharaoh's daughter and was taken in. There is a false verse that Prophet Moses was taken in by the Nile. I don't think this story happened.

2:7 Pharaoh's daughter's name is Jehudijah. Did Pharaoh have an Arabian wife when he was the king of Egypt?

2:10 part of this verse is false, the mother took Prophet Moses to Pharaoh's daughter, and he became her son. The part of the verse that is false is that in the Quran, Prophet Moses's mother named Moses before Pharaoh's daughter found him in the river. Prophet Moses's name does not mean "to draw out of the water". Moshe or Moses means "son" in Egyptian, Moses could be another "son of god" reference. Moses means draw out or redeemer, this was his title.

2:11 Prophet Moses was well known in Mizraim.

2:12-15 Prophet Moses sinned when he killed a Mizraim man who was in a fight with a Hebrew. Prophet Moses was destroyed from this; we don't know how long Prophet Moses was. Allah forgave him and lifted him up to overcome any challenge. Prophet Moses was deeply involved with Mizraim. The Ten Commandments and the Quran were not revealed yet.

2:23 the king of Mizraim passed away. Pharaoh was not the previous king of Mizraim. Pharaoh became the king of Mizraim afterwards.

3:1 Jethro is Prophet Moses’s father-in-law. In Numbers 10:29, Hobab is Prophet Moses’s father-in-law.

3:5 take off your sandals, this is holy ground. This is the same as Islam.

3:14-15 Allah says his name forever is “I am that I am.” Our Lord’s name is Allah. Allah says to Prophet Moses "I am that I am", this is Allah’s way of saying I exist whether you know me or not. These verses may mean Allah said to Prophet Moses that Allah has sent Prophet Moses to guide the Israelites.

3:19 Allah says to Prophet Moses that Pharaoh will not allow the Israelites to go to Wadi Habuna, North of Najran in Arabia.

3:22 this is a false verse about plundering.

4:4-9 the Lord gives instructions to Prophet Moses to stay away from those with infectious diseases, so they do not spread. The Torah is the earliest source humanity has of this.

4:11-12 Allah makes people deaf, dumb, and blind; Allah then tells Prophet Moses he will help Prophet Moses speak and teach Prophet Moses what to say. This is the same as the Quran.

4:19 the former Pharaoh and his leaders who wanted to kill Prophet Moses had died. Prophet Moses went back to Mizraim. We don’t know the time between when Prophet Moses left Mizraim and when Prophet Moses went back to Mizraim. I believe the span was three to eight years.

4:22-23 Israel is the son of god.

4:24-26 Zipporah is not Prophet Moses’s wife, in the story, Zipporah is his virgin mother. The story claims that Zipporah circumcised Prophet Moses, this is false. This story relates to Genesis 15, both stories are mythology.

4:31 Prophet Aaron and Prophet Moses bowed down and worshipped the Lord.

5:2 Pharaoh said to Prophet Moses that he may not know the Lord if the Israelites left Mizraim. Pharaoh may have wanted to build this tower of his to try to reach our Lord, that is why he did not let the Israelites leave slavery. We don’t know for sure.

5:11 this verse may be false of our Lord saying He makes people deaf and mute.

5:14 Pharaoh is trying to build using the Israelites as his slaves' using bricks does not have a name or title in the Bible we have today. The Quran states that Pharaoh wanted to build a tower to see our Lord. This is more reason to believe the Bible we have today is corrupted.

5:19 Pharaoh wanted a building built with bricks. This is the same as the Quran.

6:3 Allah says to Prophet Moses that he did not make himself fully known to the Prophets before him, this means there would be Prophets after Prophet Moses

6:20 Amram is in the Quran. His name is Arabian. Miriam's name is in the Quran. Her name is Arabian.

6:23 one of Prophet Aaron's son's name is Abihu. His name is Arabian.

6:24 Korah led the rebellion against Prophet Moses. A son of Korah's name is Abiasaph. Korah's name is Arabian. Abiasaph's name is Arabian.

6:26-27 these are the Moses and Aaron implies that there are different Moses's. This means Moses was a title.

7:1 this is a false verse that Allah told Prophet Moses that He made Prophet Moses as a god to Pharaoh. Prophet Moses was a Prophet.

7:7-10 these are false verses that Prophet Moses was 80 years old and Prophet Aaron was 83 years old when they confronted Pharaoh. Prophet Moses and Prophet Aaron were most likely in their 50's or 60's when they confronted Pharaoh.

7:22 we would know for sure that the stories of Prophet Moses and Prophet Aaron did not happen in Egypt because the names of the Mizraim magicians would not be Egyptian had the Mizraim magicians' names had been in the stories.

8:19 the magicians tell Pharaoh that Prophet Moses used "the finger of god". There is no such concept as "the finger of god".

8:32 Faraon or Pharaoh was the term used for the Arabian ruler. It may have been his name; I think it is his name.

9:10 "Let my people go so they can worship me", we don’t know if Prophet Moses said this since he was described as the “Silent Prophet”.

9:16 Prophet Moses told Pharaoh that our Lord raised Pharaoh up in leadership to king in Mizraim so that our Lord would show Pharaoh his power may be displayed to Pharaoh and that his name may be proclaimed all over the earth.

9:17 even after nine plagues, Pharaoh still went against the Israelites and would not the Israelites go.

10:13-14 there were four cherub Angels at the time. One had a face of a cherub, one had a face of a human, one had a face of a lion, and one had a face of a vulture.

10:19 Yam Suf does not translate to “Red Sea”, it is translated to “Reed” not “Red.” The land is the wasteland in Yemen of Bahr Safi in Wadi Habuna.

11:4 Mizraim a village in South Arabia, not Egypt. We don’t know why in the 3rd B.C.E. 70 Jewish scribes translated Mizraim to mean Egypt either to expand the religion or to condemn Egypt and other empires as the earth’s empires as oppressors. There are no other possible theories behind it. Mizraim historically has meant a trade center in the Arabian desert, money in the Middle East is referred to by many as misari. The Mizraim soldiers led by Pharaoh who chased the Israelites were hit by a flash flood, Pharaoh and some of the Mizraim soldiers drowned from the flash flood, the flash flood had prevented soldiers from crossing to the Israelites. I want to emphasize that Allah was a tribal God, this is the best example where these stories were never meant to be nowhere near as big as they are today. You have to take my word on this that what happened on this earth was never this big event that people would talk about for ages, the earth was always the earth. The fact that there are no documents of this alleged colossal event tells you that these stories were small and were not intended to be widespread that’s why we know Polytheism will come back since there are endless documents, libraires lost, people will become so smart they will overthink life’s meaning. Take for instance Christ, barely anyone knew him. That’s why when Prophet Muhammad came and said this is your faith it confused people that Allah took an idea, and it grew and grew into a dynasty.

11:8 Prophet Moses got angry with Pharaoh and walked out.

12:1-30 because the Hebrews put blood on their doors, the Lord had "passed over" the Hebrews firstborn sons. It was to be observed as remembrance of the Lord. Mizraim was polytheistic. Charoset is eaten on Jewish holidays. Charoset has dates in it. Dates are the most remembered food in Islam. Jews cannot eat any breast with yeast in it. The Israelites had to eat matzo bread during the Exodus. Allah says he will bring judgement on all the false gods of Mizraim.

12:37 this is a false verse of 600,000 Israelite slaves in Mizraim. 600,000 slaves cannot build the Pyramids in Egypt. There is no evidence slaves had built the Pyramids in Egypt. The Bible doesn’t mention pyramids by name. The ancient Egyptian word for pyramid is “mer”. Mizraim did not have pyramids.

12:40-41 if the Israelites were enslaved in Mizraim for 430 years before the Exodus, this would mean the Prophets Prophet Abraham, Isaac, and Ishmael far exceed 100 years of living, this means this verse is false. The pyramids in Egypt were built before 3000 B.C.E., that is well before Prophet Abraham who lived between 2100 B.C.E. and 1800 B.C.E. Were the Israelites enslaved for 400 years in Genesis 15:13 or 430 years?

12:46 this is part of the story that none of the Israelite’s bones were broken during Exodus, this is not a prophecy of the Messiah.

13:2 consecrate every male firstborn along with any animal to the Lord

13:7 Philistine in Biblical Hebrew means invader. This is not the name of the tribe that fought the Israelites in Arabia. Philistine is also found in Judges 14:3 and 1 Samuel 13:9-20. I believe these were two separate tribes in Arabia.

13:18 it may have been called the Red Sea because it was there the plague of water turning to blood.

13:37 there were 600,000 total Israelites that were with Prophet Moses, the number is incorrect.

14:2 the Israelites wanted to leave Mizraim and go to Central Arabia. Pharaoh and his Egyptian forces wanted the Israelites to go to Northern Arabia, Pharaoh and his forces were concerned that the Israelites would run Arabia the Israelites went to Central Arabia. The Israelites went towards Central Arabia, Pharaoh and his forces blocked the Israelites from entering Central Arabia. Pharaoh and his forces were destroyed by a flash flood.

14:4 Allah promised he would harden Pharaoh’s heart. Allah also promised Pharaoh will pursue the Israelites and that Allah would get glory over the Pharaoh.

14:30 the flood that took place in Wadi Habuna left Pharaoh and his Egyptian forces lying on the edges of the desert of Bahr Safi in Arabia after the flood waters had receded. The Biblical Hebrew translation is Bahr Safi, not Red Sea. The desert of Bahr Safi in Arabia is where Pharaoh and his Egyptian forces are.

15:2 the Lord is my strength and my song, that’s why Muslims go to a sermon hearing an Imam yell, pray and then go out and fight. What our Lord is doing is boosting them up and getting them ready for battle.

15:3 this is a false verse, our Lord is not a man of war.

15:20 Miriam the sister of Prophet Moses is not a Prophetess, no such concept exists.

15:22 Prophet Moses went into the desert of Shur. Prophet Moses was not his actual name. Prophet Moses brought the tribes of Israel together; he was their redeemer. The name Prophet Moses means redeemer which if found in the Book of Psalms, it was his title that’s why we cannot find any evidence for him existing.

15:27 this verse is about date palm trees. Date palm trees are known to Arabia.

16:1-35 food came from Paradise for the Israelites when they were led by Prophet Moses and Prophet Aaron called Manna. The Lord said he would rain down bread from Paradise. The food was white like coriander seed. The food tasted like wafers with honey. We don’t know its shape. It This lasted for 40 years until the Israelites reached Mecca. This is the same as the Quran.

17:4 Prophet Moses cried out to the Lord.

17:7 the location of the Rock of Horeb was named Massah and Meribah by Prophet Moses. Meribah is an Arabic word.

17:14 God promises Prophet Moses that Amalek would no longer be remembered. This is correct. Prophet Moses wrote down on a scroll that the Amalekites would be defeated and would not be remembered in history.

18:1 the Midianites during Prophet Jethro’s time could be from Cush which is Ethiopia where they had migrated to Midian. We are not certain of this.

18:2-4 Prophet Moses had two sons with his wife Zipporah named Gershom and Eliezer. Prophet Moses’s sons were not part of the Exodus.

18:9-12 Prophet Jethro is the father-in-law of Prophet Moses of his daughter Zipporah. Prophet Moses learned under Prophet Jethro the Israelite faith, not under Pharaoh when Prophet Moses lived with Pharaoh’s daughter which is taught in religious schools. Prophet Jethro is in the Quran. His name is Arabian.

18:21 look for men who fear Allah, don’t take a bribe, and are trustworthy. This is the same as the Quran to fear Allah.

19:16-20 Mount Sinai and Mount Zion are the same.

20:1-21 there are two Ten Commandments this is the first Ten Commandments, one of them is most likely all right and the other one is all wrong nobody knows. Honor thy father and mother is beneficial to this day. Honor thy father and mother is carried over in the Quran. At the time, the Ten Commandments were ordained for the ancient Israelites. It was then replaced with a different set of laws for a different era. All Jews and Christians talk about the Ten Commandments as a tenant of their faith. The Ten Commandments aren’t a tenant in faith in Islam. Jews and Christians believe Islam is incorrect because of it, they are wrong about this. The Biblical Hebrew translates in several different ways, one being “The Ten Words.” The Ten Commandments came about in 1611 with the King James version of the Bible. This tells me “The Ten Words” was upgraded to mean something much more than what they were.

21:10 multiple wives permitted, there’s no limit on how many you can have. In all the earth, a king was judged based on how many wives he had.

21:22-25 there are fines in Judaism if a pregnant woman has a miscarriage due to an accidental fault of another person.

21:24-27 eye for an eye, tooth for a tooth punishment. This was done to end revenge on entire neighborhoods for lost property. Also, rules against hitting slaves, this is personal protection for slaves with rights. Eye for an eye could also be metaphorical to mean treating everyone right.

22:2-3 if a thief breaks into a house, there is no penalty for beating the thief to death. But it cannot be after sunrise.

22:20 whoever sacrifices to another god must be destroyed. This is submission to our Lord.

22:30 you cannot eat from any flesh from a field that is torn.

23:1-9 do not spread false reports, don't follow the crowd, don't deny justice; do not accept a bribe. Do not put an innocent or honest person to death, the world needs that value for sure. Prophet Muhammad also taught most men will lead you astray.

23:10-12 Sabbath Laws including the donkey's right to rest.

24:9-11 these are false verses, Prophet Aaron, Nadab, Abihu, and the 70 elders did not go up to Mount Sinai with Prophet Moses. The Book of Exodus doesn’t make mention that the 70 elders were destroyed by an earthquake which is in the Quran. Exodus 2:11 says the opposite.

24:18 Prophet Moses stayed on top of Mount Sinai for 40 days and 40 nights when he spoke to our Lord. This is the same as the Quran.

25:10-22 the Ark of the Covenant. Prophet Moses was instructed to build cherub Angels made of gold around the Ark of the Covenant.

25:31-40 the menorah

28:30 Prophet Aaron was appointed by our Lord to make decisions over the Israelites.

29:38-42 we don’t know if the lamb sacrifice for Passover a way of the Israelites is of sacrificing the people of Mizraim’s false lamb god. Passover and Ramadan are on the same holy month.

30:22-33 anointing oil

31:12-17 must rest on the Sabbath including no cooking, any work at all and they are to be cut off from the people, the death penalty for violating it. The Sabbath was made a sign forever. Jumu’ah is the sign forever for Muslims.

32:1 Prophet Aaron did not build the golden calf; Prophet Aaron tried his best to stop the construction of it. The Levites sided with Allah and killed many Hebrews for worshipping the golden calf who had orgies while worshiping it. In Judaism, the worship of the golden calf is the greatest sin, this is the same as Islam where the greatest sin is shirk. The Levites later joined Prophet Moses. The tablets of the Ten Commandments are written on the front and the back of them.

33:19 our Lord is known for his mercy and compassion in the Book of Exodus. This is the same as Islam.

32:20 Prophet Moses burned the golden calf in a fire. The second part of the verse is false that Prophet Moses grounded the golden calf into powder, scattered it on the water and made the Israelites drink the powder.

32:21-23 our Lord asked Prophet Aaron what caused the Israelites to worship the golden calf. Prophet Aaron told our Lord not to be angry and that the Israelites were prone to evil. Prophet Aaron told our Lord that the Israelites asked him to make them into gods.

32:24 this is a false verse that Prophet Aaron told the Israelites to burn their gold. The second part of the verse may have happened that the fire of the burning bush turned the gold jewelry that the Israelites had into the golden calf.

33:20 Allah says none can see his face or else they would die from it probably from complete shock. My question to Christians is how come all the Israelites saw their god in person, but they were not blown away and they had barely reported about it?

33:24-25 the oil that the Israelites used could be an oil field used today in Northern Yemen.

34:7 this is a false verse that a fathers sins go to the next four generations of his descendants

34:10-28 this is the second Ten Commandments

34:28 we will never know if Prophet Moses went 40 days and 40 nights without eating or drinking when he made the tablets of the Ten Commandments. I doubt this. I believe the tablets took a few days at most to make.

34:29-35 Prophet Moses was said to have a shinning face, if it did shine, it wasn't that bright, it was noticeable. Prophet Moses used to wear a veil to cover his face from the Israelites. Prophet Moses would remove his veil when he spoke to Allah.

35:3 no fire can be lit on the Sabbath

38:8 Pharaoh had a sword. Swords in Arabia are called scimitars and are known for over 1,000 years. The Ancient Egyptians used khopeshs, khopeshs are not swords.

39:31 the high priests crown was attached to a turban. Prophet Muhammad wore a turban.

Book of Leviticus:

1:1 I do not believe Prophet Moses compiled the Torah we have today.

2:1-2 frankincense started in Southern Arabia

3:17 the previous law was that an Israelite cannot eat fat or blood of a dead animal. The Quran has the same law that a Muslim cannot eat the blood of a dead animal.

4:20-35 Allah instructs Prophet Moses to tell the Israelites that sacrificing an animal is an atonement of sins.

10:1-3 we don't know if the two priests Nadab and Abihu were consumed by fire for offering incense before the alter, the law states this in Exodus 30:9. These were the two priests that were claimed to go to Mount Sinai with Prophets Moses and Aaron in Exodus 24:9. Prophet Moses told Prophet

Aaron not to mourn the two priests deaths with Scripture that cannot be found in the Old Testament we have today of our Lord speaking to Prophet Moses telling Prophet Moses not to mourn the two priests death.

10:9-10 no shellfish allowed, this was not punished by death

11:4-6 Jews cannot eat camel and rabbits. In Islam, eating camel and rabbit meat is allowed. Either these verses were updated to be allowed or these are false verses.

11:7-8 Jews cannot eat pig. This is the same as Islam.

11:20-21 all winged creatures with claws cannot be eaten. There must have been four legged winged creatures thousands of years ago. You cannot eat insects since they have from 6 to 8 legs. This is the same as the Quran.

12:1-8 the period of purification for a son is one week, for a daughter is two weeks.

15:1-15 bathing requirements for discharge, just like the Islamic hadiths

15:16-17 whoever has a wet dream or leaves behind in his clothes, everything must be washed until evening.

16:6-9 these are false verses of Prophet Aaron sacrificing a goat to our Lord and sacrificing a goat to the false god Azazel.

16:15-17 this is our Lord speaking to Prophet Moses about animal slaughter for forgiveness of sins. The animals listed in these verses is a goat and a bull. This is not a prophecy of the Messiah. Two goats and a lamb were sacrificed for the Day of Atonement. This gives less reason to believe that Jesus is the “lamb of god who takes away the sins of the world”.

16:29 Yom Kippur

18:5 Allah tells the Israelites to keep his decrees and his laws and to obey them, the Israelites who obey his laws will live by them. This is the same as the Quran.

18:9 this verse means Prophet Ibrahim could not marry a half-sister, so this means the account was false, the story comes from west Arabian mythology about a god and his wife

18:19 you shall not approach a woman who is in her menstrual cycle, same as in Islam.

18:21 The Israelites were condemned by Allah for sacrificing their kids to the false god. This means Prophet Abraham did not attempt to sacrifice his son Isaac to Allah. That would make Prophet Abraham a sinner which Prophet Abraham wasn’t. Prophet Abraham was a Prophet of Allah making him sinless. This verse also means abortion is banned.

19:4 the Israelites were warned frequently not to turn to idols which is polytheism. That is why many of the Prophets were rejected by many of the Israelites.

19:11 you shall not lie to others, one if not my favorite laws of all. Both Christianity and Islam ban lying and lying is seen as a major sin in both. Instead of having a law banning lying, lying had become a major sin.

19:15 never be partial in court, this is needed in society.

19:26-27 no gossip allowed and don't trim your beard.

19:28 No tattoos are allowed. Not having tattoos is the same as Sunni Islam but not Shia Islam found in the hadith. If you cannot have tattoos on this earth, no one can have a single tattoo in Paradise. I don’t know why so many Christians I meet have tattoos, I guess the Christians are thinking old law verses new law? Between all the verses that Christians do not go by, I don’t think that Christians go by any of the Old Testament, except for the Ten Commandments which it seems that all Christians think carries over to their beliefs. It’s another concept I don’t agree with in Christianity. Yet Christians will tell every story in the Old Testament and defend them if need be. To be fair, us Muslims have no claim over the Old Testament either, most if not all Muslims do not apply laws from the Old Testament nor even care about the Bible, Muslims only read the Bible to confirm the Quran. Keep in mind though, the Quran is not called the Bible, the Bible means both the Old Testament and the false gospel. To me, that is another concept I don’t agree with in Christianity.

19:29 there were going to be prostitutes, but people had to be taught not to do these kinds of actions.

19:32 stand up in the presence of the aged. In England, the judge would carry a Bible to royal court. This is where the concept of all rise before the judge comes from.

19:35-36 sell products that the public would want to buy.

5:22 the Biblical Hebrew of amen may be incorrect. The Rabbinical Hebrew may be ameen. This is the same as Islam.

6:24-27 the Priestly Blessings. God Bless as a form of peace offerings, the blessing has peace in it, that is exactly what the Islamic faith is for found the Quran and the hadiths to grant you peace in your life meaning this is the same as in Islam.

8:25 retirement was invented for age 50.

10:12 Israelites rested in an area in the Hejaz.

10:29 this is a false verse that Hobab is the father-in-law of Prophet Moses.

12:1 we don't know if Prophet Moses was criticized by Miriam and Prophet Aaron for marrying a woman from Midian in Arabia because Prophet Moses was from Mizraim in Arabia, this would mean Miriam and Prophet Aaron found out the woman Prophet Moses married was from Cush after the Book of Exodus took place. This is why I believe the woman Prophet Moses married from Cush was not Zipporah. We don't know if this woman was from Ethiopia and moved to Midian during Prophet Moses's time, it seems likely she was a Midianite from Ethiopia meaning Cushite lived in Ethiopia and moved to Midian in Arabia. We don't know if the woman in this verse is describing Zipporah from the land of Cush or if is another woman from the land of Cush that Prophet Moses married in Midian while he was in Midian in Arabia. Prophet Moses got criticized for marrying a Cushite woman from Ethiopia of darker skin, this means the Israelites were light skinned. This means interracial marriages are allowed. Prophet Moses married a Cushite woman before the Book of Deuteronomy was revealed.

12:2-10 Prophet Moses was a very humble man. If you see a Prophet, it is because the Lord has made himself known. Allah speaks in dreams. This is the same as Islam.

13:22 Ahiman, Sheshai, Talmai were descendants of Anak which is the same as Anakim. The Anakim were giants. Ahiman, Sheshai, and Talmai were giants.

13:32 giants known as Nephilim. Nephilim were a form of jinn. The Book of Numbers comes after the Book of Genesis which means the Book of Numbers happened after the Flood. This means the Flood did not wipe out the world since there were Nephilim after the Flood and there were no Nephilim on Noah’s Ark.

13:33 the giants the Israelites encountered were very aggressive.

14:8 the land of milk and honey. Arabia is loaded with it.

18:7 any outsider who was near the sanctuary was to be put to death.

20:1-11 The Israelites complained that there were no grains, figs, grapevines, pomegranates, or water to drink. Prophet Moses and Prophet Aaron put their faces on the ground. Prophet Moses hit the stone twice with his staff, water came gushing from it. The Israelites and the animals drank from the water. Also, the Rock of Horeb. This is the same as the Quran.

20:12 this is a false verse that Prophets Moses and Aaron did not show the Israelites that the power came from Allah. The false verse states that Allah said to Prophet Moses and Prophet Aaron that they could not enter the Promised Land of Mecca in Arabia. That Prophets Moses and Aaron did not believe in Allah. This would have been right after Prophet Moses had done a miracle for the Israelites through the ability Allah gave him.

21:1 Atharim was a road in Canaan that Prophets Moses and Aaron led the Israelites on to enter Mecca in Arabia. The road Atharim is Arabian.

21:4-9 these are false verses that our Lord sent poisonous snakes to the Israelites. Our Lord did not send a poisonous snake on a pole that anyone who was bitten by a poisonous snake would have no more poison from the snake in them.

21:14 Book of Wars of the Lord reference

22:21-40 donkeys can talk through our Lord. The donkey told Balaam to stop; Balaam did not see the Angel. Balaam had thought that the donkey was disobedient, but the Angel told otherwise.

23:19 our Lord is not a human. This means no man can claim to be our Lord. Our Lord is not a man that he should lie. This is the same as Islam where our Lord tells the truth always. Our Lord does not change his mind.

24:8 this is a false verse that is metaphorical of our Lord having horns like an ox.

24:15 Elyon, El Shaddai, and Yahweh three tribal gods became one nation. Yahweh means “He”; Yahweh is not Allah's name. Yahweh Elohim means "He is Allah". Yahweh is an Arabian word. Allah is called He in the Quran. Yahweh and He means the same in the Bible we have today and the Quran. Both the Bible we have today, and the Quran know our Lord as He.

24:17 the star referenced in this verse is most likely Halley’s Comet.

25:1-8 Phineas a priest slayed the Israelite men and the Moab women who they had sex with and had worshipped their false gods in Shittim.

25:10-13 our Lord spoke to Prophet Moses to commend Phineas

25:14 Zimri is in the Quran. His name is Arabian.

26:35 the Sutela clan known as the Sude became the people of the Chud which is Northwest Russian

26:48 the Jahzeelite clan, Jahzeel was one of the 70 people to migrate to Mizraim, this is Arabian. There are 15 names in the Bible that have jah in it, why are there so many names with jah in them if Palestine and Arabia are far apart?

27:8 son gets inheritance, then daughter, brother, father's brothers, nearest relative.

30:2 do not break your word, fulfill a promise

31:8 the five kings of Midian are Evi, Rekem, Zur, Hur, and Reba. These names are Arabian.

31:17-18 save for yourself every girl meaning as young as puberty. This wouldn’t be what the Israelites did in battle. The Israelites had to follow the Sharia when fighting led by Prophets Prophet Moses and Prophet Aaron.

31:29 part of the share of the spoils of war went to Eleazar the high priest. Instead of the spoils going to the high priest, the shares went to the Prophet Muhammad who was the first Caliph, a political-religious leader.

31:35 this is a false verse that 32,000 virgin women were set aside for the Israelites

31:40 this is a false verse that 32 people were sacrificed

33:2 Prophet Moses wrote about some of the Israelite’s journeys in the book of Exodus. Much of it is lost. This doesn’t mean Prophet Moses compiled the Torah we have today.

33:33-34 the Israelites are instructed by Prophet Moses that if they have innocent bloodshed in the land of Israel Arabia, they will be kicked out of the land. This is not the reason why the Israelites were kicked out of the land during Herod’s temple’s time nor was it because Jeshu was crucified. It was because they were fighting the Romans when the Israelites were not

supposed to. Also, these verses were during the time of ancient Israel in Arabia, not later in Palestine. One would have to claim the Law of Prophet Moses applies to all land that the Israelites have ever been in before the law was updated through Prophet Isa through the true Gospel and the Quran through Prophet Muhammad. I would like to add that Prophet Isa may have added to scripture in the true Gospel that the Israelites would not be kicked out of the land of Israel in Arabia for innocent bloodshed that there would be a different punishment for innocent bloodshed. During Prophet Isa's time, the Israelites were tribes in Arabia and were a nation Palestine. We will never know if the Law of Prophet Moses applied or not after Prophet Moses's time.

33:38 Prophet Aaron died in Mount Horeb, in Deuteronomy 10:6 Prophet Aaron died in Moshera either these are the same locations, there was either two Prophet Aaron's, or the Israelites recorded the place of Prophet Aaron's death wrong. I think these are two different Prophet Aarons, one not being the Prophet Aaron. Another example here is how the Israelites went to Zalmonah and Punon after Prophet Aaron's death, in Deuteronomy 10:6-7 the Israelites went to Gudgoah and Jothbath.

33:39 this is a false verse that Prophet Aaron lived until age 123 years old. In Genesis 6:3, people do not live past age 120.

33:52 our Lord tells Prophet Moses to tell the Israelites to drive all the idols our of the land of Canaan. This is the same as the Quran.

Book of Deuteronomy:

1:28 Prophet Moses had encountered Nephilim.

1:37 this is a false verse. Prophet Moses ended his Prophethood in Canaan or known as Mecca in Arabia.

1:46 Kadesh is one of two locations in Southern Arabia. Kadesh is one, Kadesh Barnea is another. Kadesh is a mountain called Kuds in Yemen.

2:20-21 there were many giants in the land of Amon during the time of Prophet Moses in Southern Arabia called Zamzummim. Zamzummim is the same as the giants called Zuzim found in Genesis 14:5. There is no connection to the giants called Zamzummim and the Zamzam water, however the words are very similar.

3:11 this is a false verse that the king of Bashan named Og had a bed that was 13 feet tall and 6 feet wide. This means the king of Bashan was a giant who was probably 12 feet tall and over 400 pounds. Giants were 9 feet tall and weighed 350 pounds.

3:22 do not be afraid of their chariots, the Lord fights for you.

3:26-29 these three verses are false. Our Lord did not prevent Prophet Moses from entering the Promised Land.

4:21 this is a false verse that Prophet Moses was promised by our Lord that he could not enter Canaan.

4:29 you are commanded to seek Allah; you will find Allah if you seek him with all your heart and soul and you will find him.

4:35 besides Him, there is no other God. This is Shahada.

4:39 this is Shahada.

5:1-32 the Ten Commandments. God reminds the Israelites that He took them out of the land they were in on several occasions with the Prophets.

6:1-3 love Allah with all your heart so that your children will fear Allah. Hear, Israel, and be careful to obey so that it may go well with you and that you may increase greatly in a land following in milk and honey just as the Lord, the God of your ancestors, promised you.

6:4 The Lord is One declared to Israel by Prophet Moses. This is the same as the Quran. This was the message declared by Prophet Muhammad to confirm one God which is our Lord Allah. Prophet Moses preached God is one near the Jordan in Southern Arabia during the Book of Exodus. Prophet Muhammad preached God is one in Mecca and Medina in Northern Arabia

during the Quran being revealed. Prophet Moses and Prophet Muhammad told this to around number of Israelite followers in the hundreds.

6:6-9 Prophet Moses tells the Israelites to tell and to display to others about their Islamic faith. This is the same as the Quran.

6:10-25 fear Allah. Do not put Allah to the test. Teach religion to your children again and again the same is done with Quran recitation.

7:3-4 do not marry those of other religions from other tribes. This does not apply to slave women.

7:6 for you are both high in character and special. This is why all people believe they are special, something you cannot opt out of. This means life is sacred. This is exactly what Prophet Muhammad did with his followers convincing them that they were elite in some way and that they would always be victorious in Arabia provided they did exactly as he had asked. When Prophet Muhammad's followers walked around Arabia in public, they walked around as if they were the best the world could possibly offer for the polytheists in public to see.

7:7-8 Prophet Moses tells the Israelites they were not chosen on the belief they were the biggest nation at the time, the Israelites were the fewest at the time. This means the Israelites during Exodus was a tribe. The Israelites were chosen because the Lord kept His oath to the Israelites ancestors that they would be delivered from Pharaoh of Mizraim. There is more reason to believe Pharaoh is his name because the verse says Pharaoh king of Mizraim. Is Pharaoh's title "Pharaoh, king of Egypt"?

7:9 Allah is the faithful God; this is a way of saying Allah is true to his word.

7:13 this is a false verse. God would not reward the Israelites by increasing wine.

7:23-24 their kings will serve you, you will destroy each nation.

8:11 be careful that you do not forget to observe the Lord thy God, failing to observe his laws and decrees. If you don't, you will not believe.

9:1 the giants had fathers that were giants.

9:3 Allah says he will destroy Canaan.

9:5 Canaan is described as wicked. Prophet Moses says it is not because of Israel’s righteousness why they get the land. There was an Arabian tribe called during the time of Prophet Muhammad called Kinana near Mecca which means the same as Canaan.

10:17 the lord of lords is false. Our Lord is an awesome God.

10:19 love those who are your neighboring countries.

11:6 Abiram was part of the revolt against Prophet Moses, Abiram’s name is an Arabian name.

12:21 commanded to slaughter from your herd and your flock.

13:1-18 destroy all false gods, stone those who secretly invites you to worship them. This is to keep people safe from worshipping a false god who sacrificed infants.

14:1 the beginning of the verse is false claiming that we are children of god, this is not the same as the Quran which refers to the ancient Israelites as the children of Israel. The early Muslims thought this meant the highest authority was the closest to god hence Ezra being called the son of god. This ties into Jeshu claiming to be the only “son of god.” Does Jeshu have to be the only “son of god”, or is it a requirement to be a “son of god” to be the Messiah?

14:2 Israelites were chosen to be the holy people of the earth. This verse is out of date, now anyone can easily convert to Islam, what was once for a section of Arabia became a dynasty to think these Arabs got it right.

14:8 Muslims cannot eat pork, swine is unclean because of the way it chews

14:22-29 the tithe is 1/10th of your salary a year going to charity. Abrahamic faiths speak of the Prophets speaking directly to individuals teaching the individuals to give back to the poor, not for governments to redistribute wealth to the poor.

15:4-5 these verses are not saying there will never be poor people who accept Allah’s religion in the land but that if you listen to the Lord, you will never be poor, that statement I obviously agree with.

15:6 Jews believe that Prophet Moses was explaining many nations will serve Jews; the problem with this is that nations were blessed during Prophet Sulaiman's Temple. This has already expired with Prophet Moses

entering the Holy Land known as Mecca. This verse isn’t a prophecy or a guidebook on how the religious people are to live, look at Christianity and Islam, the Prophets in both religions are lower class, they weren’t rich by any means. We Muslims are to serve mankind.

15:11 the poor will always be in the land. I know that is too easy to prophesy but the reason why I write on this is because there is always charity to be given, your time will always be valuable.

15:12 some Israelites were initially Hebrew. The Israelites were united from tribes to create the Israelites. This is also shown in Deuteronomy 26:5 where other Israelites were Arameans.

16:18-20 appoint judges, do not show bias, or show favoritism. Pursue justice and justice alone as a Muslim.

16:21-22 do not create any place of Canaanite worship for your own will. Asherah the false goddess is found in South Arabia known as Amm before Allah revealed the Quran.

17:8-13 let me ask you something, has it ever happened in the history of America where a court case had to be taken to a higher court? Either there was too much money involved or that they wanted to get the ruling correct. Where do you think America got the idea from? You also couldn't mock a judge. You can't do that today; they will give you a higher sentence.

17:16-17 these are false verses where a king cannot possess many wives, horses, and silver. All men were permitted multiple wives. I believe these verses were added after Prophet Sulaiman was said to have seven hundred wives, the most amount of gold and silver, and said to have worshipped idols.

18:10-12 whoever practices witchcraft and spells, do not let them speak to the dead, the Lord drives the demons out presumably the Heavens, this is the same as the Quran.

18:15-19 the Israelites were in Arabia, Prophet Moses is mentioned the most in the Quran in which he raised Muhammad to be a Prophet. Muhammad is a Prophet because he always had a following. Prophet Muhammad spoke of the Quran which was directly from our Lord. People embrace Islam learning Islam from a Prophet. Prophet Moses had followers despite many hating him for defying Pharaoh. Over time, Prophet Moses’s followers had increased because people trusted what he was doing but at

the time Prophet Moses had 500 Israelites. It starts small and then it grows. A prophet like me, Prophet Moses and Muhammad both had a small following that grew. Both had started from backgrounds of low status. Both were orphans. Both were leaders in wars. Both had multiple wives, both had kids. Prophet Moses is the most mentioned Prophet in the Quran.

18:20 any false Prophet that does actions outside of what our Lord has commanded in the Torah or is speaks in the name of false gods is to be executed. None of Prophet Muhammad's actions contradicted the teachings of the Torah we have today.

18:21-22 a false Prophet is one whose words do not come true.

19:11 death penalty

19:15-19 It took two witnesses to convict someone. If someone was guilty of false testimony, they would receive that same punishment for them.

20:1-18 make your own peace with your enemies. If they do not accept then slaughter every last one of them as the Lord has commanded, you or they will cause you to worship their god and will cause you to betray your Lord. You may take their women and children as plunder which means turn them against other nations.

21:10-14 slave women can be married. The slave woman's hair would need to be shaved along with her nails trimmed. After a month, she can be married. The Israelite can divorce her. She cannot be sold or treated as a slave because she has been dishonored.

21:15-17 the man must give double of his share to his firstborn of two wives regardless of if he does not love the wife who bares him that child.

21:18-21 The Muslims could not have any rebels; they could not have any defectors. If kids were stubborn disobedient to their parents, they had to die to keep Israel safe. This was after discipline and many efforts to get the kid to listen. Now we just let them go and hope they come back. All the other Muslims had to learn that you do not rebel against society. They let the kid leave. I'm not sure how many kids had this punishment, there may have only been a few out of millions. The Muslims were under Christian laws, after the year 330, the courts will not do that to the kid.

21:22 this is a reference to lynching as a form of capital punishment. A person who was lynched and is hanging is under Allah's curse. To me, this

is proof that there is some sort of truth or law to life that when a crime was serious enough, this was the only solution. People may disavow the practice of lynching, but it could always be in many humans’ minds as a last resort for justice to be served.

21:23 this is false verse that God has a curse. This is the only verse in the Old Testament we have today of God having a curse. The land of Northern Arabia was not to be desecrated.

22:5 men cannot wear women's garments or women wearing men's garments

22:10 you cannot plow with a donkey and an ox together.

22:28-29 the most discussed verses in the entire Old Testament, back then women were viewed as property. If you raped the girl, she would become your property, and the punishment was marriage for life. This was taken away because someone can bore in wedlock, in Islam it is banned meaning the law was added in.

23:2 no one born from an illegitimate marriage may enter a Synagogue up to his or her tenth generation. This may have been updated in Christianity and Islam where anyone is allowed in a Church or a Mosque. Or this may have been for someone who didn’t convert to the faith where they would not be allowed to be inside a Synagogue if they were born outside of marriage, once they converted to Islam, they were allowed in without any issues. Also, do not ever use the word “bastard” to describe someone born of an illegitimate marriage, take my word on this one. If you must, change the subject immediately to avoid any chance of a conversation about it.

23:7 an Edomite is a brother, that means all are welcome in the faith

23:15-16 slave protection laws against unfair masters

23:19-20 the Israelites could not take interest from other Israelites. Israelites could only take interest from foreigners. The Muslims were one of the few people who banned usury at the time of the Exodus. This concept is used in Islam.

24:1-5 a man can get a divorce if he is not pleased with his wife. A man cannot remarry a wife who got married to someone else, this was changed in Islam where the two must have sex first and then get a divorce.

24:5 husbands cannot go to war on the first year. The goal is to bring happiness to the marriage and to establish a bond between the husband and spouse.

24:7 kidnapping illegal, this doesn’t include having prisoners of war

24:14-15 do not take advantage of a poor man by withholding his earnings.

24:16 neither are responsible for whatever their parents are accountable for or what their children are accountable for. This is the same as the Quran.

25:1-4 flogging at most 40 times. This is the same practice done in Islam.

25:11-12 these verses mean that Israelite men were allowed to hit their wives.

25:17-18 do not forget what the Amalekites did to you. Don't forget their strategy of attack. If you do forget both things, history will be lost in the next generation, and it is as if it didn't happen. Houses of worship don't belong in America given the wars fought. What if we didn’t forget what America has done to us? Wouldn’t we get attacked again if we just moved on? America will try to make you forget and use you blaming you as if they are heroes. This means don’t let the freemasons tell you that we are all friends, and we should unite the world, the Amalekites have a hidden agenda.

25:19 do not mention the name of Amalek when it is brought up. Never forget Amalek. Al-Amaliek is an ancient Canaanite tribe in Southern Arabia in ancient Arabian records. Amaliek means giants in Arabic.

26:5 other Israelites were Arameans. The Israelites didn’t know if they were Aramaic or Canaanites, so they wrote in a wandering Aramean which is a mixture of the two.

27:26 amen is the same as Islam.

28:1-2 blessings had come to the Israelites before they had entered the Promised Land of Mecca in Arabia because the Israelites obeyed our Lord.

28:9 the ways of the Lord, this is the same as the Quran the way of your Lord

28:64 the 12 tribes during Prophet Moses’s time would be scattered around the world and will worship false gods. We don’t know if they were. I doubt this had happened where they stayed in Arabia.

28:68 this is a false prophecy of a second enslavement in Mizraim. Jews of Arabic origin are called Mizrahi from Mizraim

29:29 Allah has secrets known only to him. This means we don’t know everything about life.

30:11-18 it is possible to hold the law

30:19 I have set before you blessings and curses life and death, now choose life. This is still relevant to this day, people will do anything to choose life, take any cheat code etc.

31:6 "be strong and courageous. Do not be afraid or terrified because of them, for the Lord your God goes with you; he will never leave you nor forsake you." -Prophet Moses. This is the same as the Quran that Allah will not leave the believers.

31:9 this is a false verse that Prophet Moses wrote down the Law of Moses. Prophet Moses wrote some of the Law of Moses down.

31:21 for their rock is not like ours. This explains why people have cliques and try to stand out in society or why people claim what they do is special. This is the same as the Quran.

31:22 Prophet Moses wrote down The Song of Moses.

32:1 Prophet Moses wrote The Song of Moses.

32:4 he is the rock, his work is perfect. God is the rock.

32:8 the Lord divided all mankind. God is the Most High. This is the same as the Quran.

32:9 Prophet Moses says the Lord has his people through Prophet Jacob knowns as the 12 tribes of Israel. Prophet Moses is speaking of a tribe known as the Israelites in this verse. The Book of Deuteronomy was before Ancient Israel existed founded by Prophet David who united Israel and Judah.

32:10-13 required pilgrimage to Jerusalem in Arabia for all the early Muslims known as Hakhel. Jerusalem, salaam means the same.

32:35 the Lord says he will take revenge; this is another verse that says don’t get revenge yourself. However, as a Muslim, you are always allowed to seek justice, many Christians in today’s world get this wrong. This verse is where what goes around comes around comes is from.

32:39 God decides who lives and who dies, none can stop what God does. Part of this verse is false that God says he has wounded and has healed people. God would not be talking about the Israelites.

32:41 Allah got vengeance on His enemies

33:1 the 12 tribes of the people of Prophet Moses that Allah and Gabriel divided. This is the same as the Quran.

33:2 this is a prophecy of ten thousand saints were sent to the Hejaz to liberate it

Book of Joshua:

1:7 Prophet Joshua tells the Israelites to be strong and very courageous. Prophet Joshua tells the Israelites to obey all the laws of Moses so that they may be successful wherever they go. The Law of Prophet Moses is the same as laws of life.

5:13-15 Prophet Joshua fell to his face and worshipped the Lord.

6:1 the battle of Jericho of the Israelites was led by Prophet Joshua vs the Canaanites. The gates of Jericho were securely barred. The walls of Jericho in Ancient Israel in Arabia were destroyed. This means Second Jericho in Palestine which is over 9,000 years old is not the same Jericho as the Jericho in Ancient Israel in Arabia.

6:20 the walls of Jericho collapsed because of trumpets, the invading armies shouting, and the Israelites shouting. The invading armies went in and took the city of Jericho. I doubt that this is why the walls of Jericho collapsed. The gates of Jericho were securely barred.

7:1 Achan took the spoils of war for himself; this angered our Lord.

7:6-13 Prophet Joshua fell to his face and prayed to the Lord

8:1 the Lord says do not be afraid, nor dismayed; take the whole army with you and arise. This is the same as the Quran we hear, and we obey. It’s whatever troops they have they will use to the best of their ability.

10:27 the Book of Joshua was written after the events of Prophet Joshua.

The Israelites may have been saying Jael was one of the most blessed women as a way of thanking her along with Cyrus being called the messiah where the Israelites were thanking Cyrus as if to say Cyrus was the Messiah for helping the Israelites.

5:25-27 Sisera was standing when Jael killed him.

First Book of Samuel:

1:1 Samuels books are the worst historical to book accounts possible in the Bible we have today.

1:6 the Lord brings death and gives life. He brings people to Sheol and raises them up. How could people have known Sheol exists? How could they have been smart enough to picture a realistic place like this that to this day is believable? All people will say is that people came up with it one day, how can they be sure of this?

1:21-28 Prophet Samuel weaning, the same as in the Quran

2:6 our Lord brings life and death. Our Lord raises those from the grave. This is the same as the Quran.

2:7 Prophet Samuel says that our Lord sends poverty and riches. Our Lord humbles and exalts.

2:8 the earth has foundations

2:35 Prophet Samuel says that our Lord will raise a faithful priest and create a priestly house where the Israelites will always serve the anointed one. This could be a prophecy of Prophet Muhammad establishing the Kaaba and the Israelites servicing Prophet Muhammad or this prophecy was not fulfilled. Prophet Samuel could be prophesizing Prophet Sulaiman's Temple and the Israelites always servicing Prophet Sulaiman where this verse is not a prophecy.

3:1-20 this is a false story that Prophet Samuel was a Prophet before puberty and that Allah called Prophet Samuel four times in one night. The story consists of Eli realizing Allah had called Prophet Samuel after the third time. The story is out of place in the Bible we have today.

5:3 the false god Dagon is resembled by the pope by wearing a fish on his head

16:7 the Lord looks at our hearts, same as the hadiths

16:10 Prophet David had 7 brothers.

16:14 it was most likely a jinn that scared Saul and not an “evil spirit” sent from the Lord.

16:23 Saul also tried to harm Prophet David by accident in 19:9 where tormenting doubt had come upon Saul. Instead of fighting Saul, Prophet David played the harp, it worked. We are delicate beings not to be confused

with sensitive people; Prophet David knew we need to be treated with good methods that we humans appreciate.

16:19-23 Saul knew Prophet David and he knew that Jessie was his father. Saul had regular contact with Prophet David. In 1 Samuel 17:55-58 Saul did not know who Prophet David's father was and did not know who Prophet David really was.

In the next verse, it says Prophet David may have used a sling and a stone to kill Goliath and then cut his head off. This is an Islamic method of execution. With Goliath, the bigger they are, the harder they fall. King Prophet David was born in Bethlehem which is Umm Lahm in Arabia. The names are awfully similar with Lahm and Lethem. From the Bethlehem in Judah implies that there was more than one Bethlehem in Arabia. The Valley of Elah is the location where the fight happened, that is awfully close to the valley of Allah in fact it is the same because in Hebrew El translates to Al in Arabic. First it says Prophet David used a sword on Goliath, the next verse repeats that Prophet David used a sword on Goliath. Goliath's name is in the Quran. His name is Arabian.

18:9 Absalom's mule went under an oak tree. Oak trees are known to Arabia only in the Southern part of Arabia. This matches that Prophet David lived in Southern Arabia.

21:20 the giants had six fingers and six toes on each hand and foot. If the Great Khali is 7'1 it is not unreasonable to claim there were giants on the earth at some point. A giant would only be 2 feet taller.

22:20 Abiathar escaped to join Prophet David. Abiathar’s name is Arabian.

24:9 there were 800,000 soldiers in Israel and 500,000 soldiers in Judah, in 1 Chronicles 21:5-6 there were 1,100,000 soldiers in Israel and 470,000 soldiers in Judah not counting Levi and Benjamin

24:14 Prophet David uses the term dead dog, this means a waste of time, the Bible acknowledges that you can waste your time on the earth. This means your time clearly has value of some sort. This also means there is reason to live because your time has value even if the value is the slightest bit. Life clearly has a purpose.

Though it is possible, it is not correct, no other Prophet was said to have anywhere near as many wives and concubines. He did not

worship false gods or turn his way from the Lord. What I think happened here is the Muslims knew it to be a fact that if someone had so much wealth and power it would cause them to think they were better than they really are.

Also, leaving his donkey alive, this is called Prophet Elisha a donkey.

The Assyrian king Shalmaneser II spoke of the king Omri existing and the Assyrians also spoke of king Ahab the Israelite the Mesha inscription confirms this. King Ahab and Jezebel were written about 200 years after their deaths. This means they were remembered to the point they had to have existed. Jezebel led the Israelites to worship Baal; we infer through her beauty. Since Jezebel was beautiful, that means there are beautiful women on the earth, she wasn't a prophetess either if such a concept exists meaning she didn't have Prophet powers of any kind. In 1 Kings 16:23, Omri reigned in the 31st year of Asa's reign. In 1 Kings 16:2, Omri reigned in the 38th year of Asa's reign.

Allah gave the Israelites a mountain full of horses and of chariots made of fire. Then, the Lord made the Syrian soldiers blind. I think these verses happened, but to a much

lower scale with some horses and chariots made of fire along with some of the Syrians going blind.

18:13-14 everywhere Prophet David went he won the wars he fought. Prophet David ruled with justice and fairness. Prophet David may have only been the leader of Judah and not both Judah and Israel, we will never know.

19:6 the Ammonites sent 1,000 talents of silver to hire chariots and horsemen from Aram-naharaim, Aram-maacah, and Zobah to fight Prophet David. Aram means high in Biblical Hebrew. Aram-maacah was the high region of Mecca. The Ammonites and the Arabs from Mecca from Northern Arabia fought Prophet David who lived in Southern Arabia.

20:6 this verse also shows that the giants had fathers that were giants.

21:1 Satan stood up against Israel. This is proven true in history, many Israelites in different generations became polytheist and worshipped many different false gods.

21:14 this is a false verse where Prophet David took a census and Allah was angry about it.

21:18-19 Gad had an encounter with an Angel. Gad is a Prophet.

22:8-10 Prophet Sulaiman emerges

22:14 this is a false verse that 7,500,000 lbs. of gold and 75,000,000 lbs. of silver was used to construct Prophet Sulaiman's Temple. It was nowhere near that much.

23:4 24,000 supervisors and 6,000 officials worked on Prophet Sulaiman's Temple

24:17 Gamul was one of Prophet Davi's 24 priests. His name in Arabic is Gamal.

26:31 one of the sons of Hebron's name is Jerijah. His name is Arabian.

27:16 the leader of the Simeonites' name is Maacah, he is the son of Shephatiah. Maacah's name is Arabian. Shephatiah's name is Arabian.

27:24 the Chronicles of King Prophet David reference

28:9 Prophet David tells Prophet Sulaiman to serve the Lord with a willing mind. Also, the Lord searches every heart and understands the intent of every thought. If you seek him, he will be found by you; but if you forsake him, he will reject you forever. What this means is that Allah is a genius unlike any human ever in existence, nobody knew the intent of every thought of people they met. Because Allah knows the intent of every thought, that means you cannot get away with anything making an excuse or telling a half truth about something you had done wrong.

29:11-12 God reigns over all, in God's hand is his power and might.

29:26-28 this is a scribe or Rabbi explaining events that happened. This is not God speaking. This is why I don't believe the Bible is infallible that people believe the scribes documented the events perfect of the Prophets actions.

29:29 the Chronicles of Samuel, Nathan, Gad reference

Second Book of Chronicles:

2:6 this verse mentions the Heavens, the goal was to reach the Heavens on the earth through a Temple that's the peak of reaching on the earth, the next goal after life is to go to the Heavens, not have a "third" temple, the "third" temple isn't mentioned in scripture only in the Talmud's. The reason why Hell is not mentioned in the Old Testament is because Allah entrusted

the early Muslims to do the right thing, when Allah’s faiths covered the earth, everyone in any country had to know why to do the right thing, not just a nation. Add to the fact that ancient Israel did not contain wrong activities to engage in like countries today where most countries contain so much filth.

2:13 Huram-Abi is an Arabian name.

5:13-14 thanksgiving is a Biblical concept.

6:20 Prophet Sulaiman prayed towards his Temple. This is the same as what us Muslims do by praying to the Kaaba.

7:5-9 these are false verses that Prophet Sulaiman sacrificed 22,000 oxen and 13,000 sheep in a week. The number was nowhere near that.

9:13 this is a false verse 666 is the Devil.

9:29 the Records of Nathan the Prophet and the Prophecy of Ahijah the Shilonite reference

12:1 Judah fought Mizraim and lost

12:9 Shishak attacked Ancient Jerusalem in Arabia and stole the Israelites gold. Shishak was the king of Mizraim and Sheshonk are the same person.

12:15 the Book of Shemaiah is referenced here.

13:1 Abijah, his name has jah in it

13:3 this is a false verse that Abijah sent 400,000 men to fight Jeroboam’s 800,000 men. This would put the Israelite population over 4,800,000 people.

13:4-20 Israel fought Judah and won

13:22 Iddo is a Prophet

13:4-12 this is the Battle of Mount Zemaraim where the Kingdom of Judah fought the Kingdom of Israel over who to be king. How come when Jews which are Muslim fight Jews which are Muslims it is not condemned but when Prophet Muhammad fought Jewish tribes he is viewed negatively? What if Prophet Muhammad was trying to follow the Bible verses here? This was Arabia it was fight after fight and Prophet Muhammad brought peace. This fight is the same concept as the Battle of the Camel.

13:17 this is a false verse that says 500,000 Israelites were slain in a single battle at the Battle of Mount Zemaraim is false.

13:22 the Annals of Iddo are referenced here.

15:1-8 Azariah is a Prophet.

15:13 whoever seeks another god but God of any age whether male or female is to be put to death.

20:15 do not be afraid or discouraged because of this vast army. The battle is not yours, but God's.

20:34 the Book of Jehu reference

21:12-15 we don't know if the letter of Prophet Elijah to Jehoram was delivered from the Heavens. In 2 King, Prophet Elijah was taken to the Heavens by a whirlwind. The letter may not be from Prophet Elijah in 2 Chronicles 21:12-15

21:18 this is false verse that our Lord gave king Jehoram an incurable disease in his bowels.

22:2 Athaliah was the daughter of queen Jezebel. She was a bad queen of Judah. Her name is Arabian.

32:9 the Sennacherib Annals confirm the Nero-Assyrian Empire-Judah war.

33:19 the sayings of Hozai

36:11 Ezekiah was the leader of Judah. His name is Arabian.

36:15-16 the Lord sent His Messengers again and again, because he had compassion for his people and his Holy Land. The Israelites kept mocking the messengers, despising their words, and scoffing at Allah’s Prophets. This is the same as Islam where the Messengers were mocked by the Israelites. The wrath of the Lord came and there was no remedy. That’s why they were handed over to Nebuchadnezzar.

36:17 this is a false verse, this event did not happen. Nebuchadnezzar didn’t kill all the young men in the sanctuary along with the young women, young men, elderly, and the weak.

36:18-20 Nebuchadnezzar and his army took all the articles from Sulaiman’s Temple; they took everything of value in Sulaiman’s Temple. His troops set fire to Sulaiman’s Temple. Nebuchadnezzar enslaved 25% of Muslims in Judah to Babylonian captivity. The other 75% of Muslims in Judah. Arabia stayed there with Gedaliah appointed as the governor. Ancient Israel ended after the war with Nebuchadnezzar.

36:22-23 Cyrus incorrectly declares the Muslims to go to Second Jerusalem to build a “second temple” in Palestine while a portion of Muslims went back to Arabia. This is how the prayer got messed up as the Muslims in Arabia did it correctly while the Jews in Palestine did not. Cyrus claims Allah's authority, but he had none. There is no evidence our Lord wanted a "second temple". Because of this, the Jews of today think they have a different God that wants a "third temple" with a separate Messiah than Prophet Isa.

Book of Ezra:

1:1-4 these are false verses of Cyrus had given the Muslims the right to build a Temple in Palestine to be a temple after Prophet Sulaiman’s. There is clear historical evidence that Muslims lived in Babylon under captivity,

the Israelites did exist. Also, they could not have been a nation or tribe from Babylon, they were in captivity. That’s not proof that the Israelites were from Arabia, but we know the Israelites weren’t a political/religious/ethnic group from Babylon that was taken prisoner for treason. The Muslims took the names of towns and villages from their Bible and put them in areas in Palestine, the land was new but the names for the land were not.

1:5 we don’t know if Ezra is a Prophet or not. Ezra was a scribe and a high priest. I don’t believe Ezra was a Prophet.

2:1-67 the Bible lists 42,360 Israelites as part of the congregation, the actual number is 30,000 when added up. They may have been in waves, or the numbers are inflated from Babylonia to Second Jerusalem. There were over 60000 Muslims in Babylon by the end. It started with 125000. Only 1/4th migrated to Palestine. Mordecai, Bilshan, Bigvai, Banaah, are Arabian names. A priest named Pashur had 1,247 descendants, his name is Arabian.

4:10 Prophet Ezra makes mention to Ashurbanipal who fought campaigns in Arabia. He is referencing those in the Qedarites who were deported and settled in Samaria in Northern Arabia. The Israelites knew about the library of Ashurbanipal.

5:1-17 Tattenai sends a letter to Darius I am questioning the construction of a new temple saying, "who authorized you to rebuild this temple and finish it?"

6:3-18 Darius responds that Cyrus' decree to build the "Second Temple" at 60 feet in height, which was more than twice the height. Cyrus didn't get the build right or there was a "second temple" in Jerusalem in Arabia that got destroyed again since the Quran references how the Muslims were destroyed twice.

7:1-5 this is not Ezra’s lineage

7:8 Ezra is in the Quran. His name is Arabian.

7:12-13 these verses are false. King Artaxerxes is not the king of kings. Allah is the king of kings.

7:26 Prophet Ezra tells the Israelites that whoever does not obey the law of our Lord and whoever does not obey the king would be executed, banished from the land, have their property confiscated, or imprisoned. This is similar to the Quran.

8:7 Jeshaiah is the son of Athaliah. His name is Arabian.

8:33-34 Noadiah son of Binnui a Levite who was trusted with the gold in the "second temple" before lending occurred in it.

10:15 Jahzeiah, the name is Arabian.

10:22 Pashur’s sons are Elioenai, Maaseiah, Ishmael, Nathanel, Jozabad, and Elasah. Pashur married foreign women, some Israelites in Ezra 10:44 had a few sons and daughters with foreign women. It is possible some of the names listed are not Arabian. Shur is an Arabian name.

18:20 no son will carry the guilt of their father, this means everyone at birth has a clean slate, you cannot be judged for what your parents did on this earth nor the Hereafter.

Book of Nehemiah:

2:1-20 Nehemiah went to rebuild Prophet Sulaiman’s Temple in Arabia, but Nehemiah feared that Cyrus would not approve of it, so Nehemiah did not. Nehemiah consults with one of the heads of Goshen who is the Arabian where he is doing work to renovate the Temple in Palestine whose walls were broken, and doors were burnt down. Some Arabian tribes were against building this new Temple out of fear the Babylonians would attack again. This is almost 1,000 years after the Exodus. Why is Nehemiah consulting with an Arab and not a Palestinian? Geshem or Goshen is an Arabian name.

4:1-23 there is more opposition to rebuilding the Temple from Sanballat a political leader or he was named "sin has come" to ridicule him by the writers of the Old Testament

6:1-19 there is more opposition from both Sanballat, Tobiah whose name means servant of the king, and Geshem the Arab. A false female prophet named "Noadiah" allegedly tried to intimidate Nehemiah. First, Prophets do not disagree with each other, second this is the first ever spoken of female prophet, third she uses intimidation as a method, and forth what would make this "Noadiah" wrong over Nehemiah's alleged prophecy to build the Western Wall, and fifth why is Noadiah a guy spoken of in the Book of Ezra?

7:7 Azariah, Raamiah, Nahamani, Mordecai, Bilshan, Mispereth, Bigvai, Nehum, and Baanah are Arabian names.

8:6 amen is the same as Islam.

9:6 this verse describes the heavens of heaven.

10:17 Azzur was one the Israelites who signed Nehemiah’s covenant. Zur is an Arabian name.

11:4 Athaiah is the son of Uzziah. Athaiah’s name is Arabian.

11:7 Asaph is an Arabian name.

Book of Esther:

1:1 Esther’s name is Hadassah. The stories in the Book of Esther happened since there was a historical figure named Mordecai. The stories may have been told differently where they are somewhat from the real stories of the Book of Esther.

1:16 the name used for King Xerxes is King Ahasuerus. His name is Arabian.

2:2-17 King Ahasuerus held a contest to see which young virgin would have the best sex with him. He chose Esther. Ahasuerus right hand man Haman was going to exterminate the Muslims. The edict to do so was reversed. Purim started from this event.

2:23 the Book of Records reference

3:1-6 Haman was elected the prime minister of the Achaemenid Empire an honorific title. All the royal official's nobles bowed down to Haman. Muslims were allowed to bow to leaders; Mordecai who was close to King Xerxes didn't bow because Haman was an Amalekite. Haman plotted to kill all Muslims by convincing Xerxes that he was a traitor. Haman felt Mordecai believed he was above him and was elevating him to a status he didn't deserve.

3:7-8 Haman is the main character in the Book of Esther. There is no connection to Haman in the Book of Esther to Haman who was Pharaoh's highest-ranking official in the Quran. Haman is an Arabian name.

6:1 the Book of the Chronicles of Ahasuerus reference

7:1-10 Esther the Muslim who was Xerxes wife spoiled the plan. Haman was hung as a result. Being sold into slavery is one thing, being massacred is not acceptable. The whole Book of Esther could be mythology.

9:29 Abihail's name is Arabian.

Book of Job:

1:1 Prophet Job was a blameless and upright man who feared God and turned away from evil. This is what all Muslim men should aspire to be like.

1:3 Prophet Job was the best man of the east

1:8 the Lord spoke to Satan saying there is none like Prophet Job who was upright.

1:15 the Sabeans were a rival to Ancient Israel in Arabia. The Sabeans lived in Sheba in Yemen which was a kingdom. During the Bronze Age, there was nothing to control in Palestine. There was no significant settlements or international trade routes. The Sabeans are mentioned in the Quran.

1:19 Prophet Job lost his seven sons and his three daughters. Prophet Muhammad had three sons and four daughters. Prophet Muhammad lost his three sons in their youth.

12:23 God makes nations great and destroys them.

12:25 they are staggering, nothing works for the enemies of Islam.

21:7-8 their home countries are safe for them to do evil, they are not punished for it. They will find any way any written scripture to do what they want.

30:5 the Lord’s anger endures for but a moment

30:12 Prophet David gave his thanks to Allah forever

31:5 this verse is about Prophet David asking our Lord to deliver him from the tribal enemies in Yemen that fought the Israelite tribes. This verse is not a prophecy of the Messiah.

31:6 Prophet David hated those who worshipped idols, Prophet David says he trusts the Lord

31:13 this verse is Prophet David speaking about the Arabian tribes that went against him that slandered him and tried to execute him.

31:20 Prophet David says that Allah hides the men who work from Allah from those who scheme. The Quran says that the Qurans verses are hidden from those who show arrogance in the world. This is practically the same thing. Also, both the Bible and the Quran talk about those who scheme against Allah on many different verses in both the Old Testament and the Quran.

33:7 Allah spoke, and it came to be

37:26 the Lord is ever merciful, his descendants are blessed

37:28 Prophet David says the Lord will not forsake the faithful ones. Here’s the problem with this, why does Christianity exist? Christians will tell you their god died on a cross for your sins in order to let you into Heaven. That would not be true, the Heavens existed before their false god preached and people were let in. If a Christian wants to say this verse is wrong, you were the one who told me the Bible is infallible. Listen to me instead explain why Allah updated the faith to Islam not them.

40:6 there is no animal sacrifice offering for sin

40:9 Prophet David preached righteousness in the congregation.

41:4-6 these verses are about Prophet David when he sinned against our Lord, this is not a prophecy of the Messiah.

53:1-3 these are false verses that there is not one good person

55:17 Prophet David may have prayed 3 times a day. The Bible we have today may have recorded it wrong where it was 5 daily prayers.

55:22 care only about the Lord. The righteous shall never be shaken. The Lord will give you what you need.

56:1 Prophet David's song in Psalms 56 is about oak trees. Oak trees are known to Southern Arabia.

56:3 when Prophet David was afraid, he put his trust in Allah

56:8 tears are prayers to Allah that he stores. This verse says tears are recorded on Allah's scroll I'm not sure what it is recorded, I'm interested to know. I think Allah wants us to cry on the earth if they are prayers. If we had the "third" temple there would be no tears.

57:2 Prophet David says that he cries out to God the Most High. Prophet David says that God fulfills his purpose for him.

58:8 this is a false verse that snails leave a trail behind because they are melting.

58:10 the righteous shall rejoice when they see the Lord’s vengeance

59:5 show no mercy, this means not to cry in front of someone who is not pro Palestine if you must cry about Palestine if you are that type of person. This would give an enemy the ability to use this against you if ever need be. There are camera phones, and someone can just record your cries which means you sinned having someone do something cynical to you.

60:8 shoe throwing is found in the Book of Psalms.

64:2 Prophet David says that the evildoers plotted against him.

68:5 father of fatherless, protector of the widows.

Prophet David says our Lord ascended with high accomplishments. Prophet David is speaking highly of our Lord in this verse. This verse also speaks about how our Lord receives gifts even from the rebellious. This is not a prophecy of the Messiah.

68:26 Prophet David says to the Israelites “bless god”. This is a saying; this is not Prophet David saying to the Israelites that he “blessed” our Lord.

69:4 this is Prophet David speaking about his enemies. This is not a prophecy of the Messiah.

69:21 this is Prophet David speaking, not a Messiah prophecy of having vinegar to drink.

72:11 all kings will bow before him. This is a false prophecy where kings will bow to Prophet Isa’s leadership, it doesn’t mean that they will worship him but that they will accept him as their Messiah. This prophecy may have been fulfilled where all kings of Arabia bowed to a Prophet.

74:1 this Psalm is not a prophecy from Prophet David.

74:13-14 these are false verses of our Lord fighting sea monsters. This is a Leviathan reference. The Leviathan is a serpent, the Leviathan isn’t Satan.

This must be where the concept of the Chinese Dragon came from. It wouldn’t matter if the Chinese didn’t get their Dragon from the Bible, the original source for both is almost certainly the same from the Middle East. This tells me that the Chinese Dragon most likely did not exist and was just a handed down story from generation to generation. However, the actual dragon or leviathan what it is called did exist since it is Revelation.

78:1-2 this is a prophecy that Prophet Isa would speak in parables.

78:4 the next generation is to praise the Lord

78:65 this is a false verse claiming that Allah sleeps

78:69 this is a false verse that the earth shall last forever.

82:1 Allah judges the jinn. This is the same as the Quran.

82:6 this is a false verse that says ye are gods. This comes from the Book of Genesis where the Serpent told Prophet Adam he could become a god. This is how you know the talmudists are polytheists. How can Christians say the Bible is infallible after reading that verse since Christians are Monotheists? This is an example where the Israelites believed something about themselves and then attributed it to Prophet David claiming it as scripture. The Israelites had so much knowledge and thought too high of themselves, so they thought they were a false god of some sort. They became polytheists. Because they believed they were false gods, they believed they were without sin. This means they wouldn’t listen to the Prophets when the Prophets came. This is proof that Prophet Muhammad was talking about the true Psalms and not the Psalms we have today. This would mean he was also referencing a different Torah that is true and a true Gospel.

82:7 you will die like mere mortals; this is the same as Islam.

84:3-6 pilgrimage as they pass through the Valley of Baka which is Mecca. The law giver known as Prophet Muhammad will come from it. To get to Jerusalem in Arabia, you had to get through Mecca. Mecca has springs in it. These springs are what brought water to Prophet Abraham and Sarah when they were parched. Pilgrimage is known to Muslims.

83:1-13 this is not a prophecy from Prophet David of Ancient Israel lasting forever. These verses are Prophet David speaking about how Ancient Israel defeated its enemies that Ancient Israel faced in Yemen.

84:11 Allah does not withhold anything good from those who are righteous

86:4 Prophet David says put your trust in our Lord. This is the same as the Quran.

86:8 this is a false verse of Prophet David saying our Lord is among the “gods” that there is none like Allah among the “gods”, there is none like Allah.

86:10 Prophet David says to God “for you are great and do marvelous deeds; you alone are God.”

86:15 our Lord is slow to anger and abounding in steadfast love

89:14 Prophet David says righteousness and justice is the foundation of Allah’s throne. Love and faithfulness are the Lord’s ways.

89:26 this is a false verse of Prophet David saying to our Lord “you are father, my god, the rock my savior.” This would mean Prophet David is the son of god. This is where Jeshu got “the father” from. This also means “the rock” is not one of our Lord’s names.

89:27 this is a false verse of our Lord calling Prophet David his “firstborn”. This would mean Prophet David is the son of god. If Prophet David is God’s firstborn son, that would mean Christianity’s false god isn’t.

90:1 this Psalm may have been written by Prophet Moses.

90:2 before Allah formed the earth Allah was everlasting to everlasting; this means Allah is eternal and before time.

90:10 Prophet David says that the lifespan at the time was 70 to 80 years maximum. This does not contradict Genesis 6:30.

91:11-12 the Lord will send his Angels to protect you wherever you go. This is the same as Islam where there is one Angel to your left and one Angel to your right.

91:13 this verse is false, the verse mentions a Prophet that will tread on the lion, the cobra; the Prophet mentioned will also trample the great lion and the serpent. The lion is mentioned twice in the verse. How do Christians know this verse in the Book of Psalms isn’t refencing something different

than their false god being on a cross? How do Christians know the verses in Psalm 91:14-16 is part of the prophecy in the previous verses?

91:14-16 this is Prophet David speaking. Our Lord saved Prophet David from his enemies because Prophet David loved the Lord. Prophet David was shown our Lord’s salvation because of it. This is not a prophecy of the Messiah. These verses contradict the crucifixion in the false gospel because the Lord says He would deliver and honor the Prophet described in the verses. The Lord says because the believer loves Him, He would deliver him. Allah says to Prophet David that because he calls on him, he will rescue him. This is the same as the Quran. Through the believer’s life, the Lord says He will satisfy the believer, and the Lord will give him salvation.

92:12-15 these verses could be a date palm tree reference

93:1 the earth cannot be moved

93:5 Prophet David says the Lord’s laws stand firm

102:16 this verse is a prophecy that the Lord shall build up Jerusalem in Arabia and that Allah will appear in all his glory.

102:17 Prophet David assures the believers that our Lord listens to the prayers of those who are poor. Prophet David also assured the believers that our Lord is never too busy to answer the poor’s prayers. This is the same as Islam.

102:25-26 the earth and the Heavens shall perish someday

103:20 Angels carry out all of Allah's commands

104:3 Allah rides on clouds.

104:15 this is a false verse where Prophet David said wine makes the heart glad

106:28-31 Prophet David commends Phineas

109:4 Prophet David prayed for his enemies.

110:1 this is a false verse of Prophet David saying the Lord says to Prophet David’s Lord. Our Lord does not speak this way in Scripture.

110:4 this is a false verse Melchizedek. Melchizedek is not a real person.

110:6 Prophet David talks about the Day of Judgement and the rules of the earth being crushed before it.

111:1 not a Messiah reference, this is for a king, it is poetic

111:9 holy and reverend is his name. This means no man can be called reverend.

111:10 the fear of the Lord is the beginning of wisdom. They will begin to learn deviation and to question what is on the news. This is for the public and not for advanced readers.

112:9 Allah loves the poor

115:16 Prophet David described the heavens of heaven in this verse.

116:11 I have no clue what Prophet David is describing here.

118:7-8 do not fear, take satisfaction because they hate us

118:17-18 this is Prophet David speaking about how he won the battles he fought against the local Arabian tribes. These verses are not a prophecy.

118:22 the stone the builders rejected has become the cornerstone. This is where freemasons take their religion for their "third temple" where all humans have to complete their "temple".

124:8 our help is in the name of Allah. Allah is a helper for believers.

127:3-5 love your kids for they are heritage of the Lord. This could mean anything; I can spend my whole life researching religion and political ideology and I will never be able to answer this. We will never know almost all practices are Islamic, we interpret to the best of our ability since we are not Prophets. Also, if there shall be no compulsion in religion in the Quran means something else, this verse is from Psalms which is confirmed in the Quran. Each generation is special.

137:1 those who wept were the zealots who wanted to see their Israel nation rule the earth, only a few had wept. They were treated well as prisoners of Babylon.

137:4 all the Israelites knew was Arabia where they would worship Allah. This verse connects with the hadith of do not travel except to Mecca, Medina, and Jerusalem. The word Arab comes from the word arub which means to dwell in the desert, that matches the Israelites.

137:7-8 we don’t know if these verses are correct since the Israelites worked for the Babylonians.

137:9 this is a false verse of attacking Babylon’s infants

138:2 Prophet David prays towards Prophet Sulaiman’s Temple

139:3 the Lord is familiar with all your ways says Prophet David. This means Prophet Adam knew exactly what his children would tell him, and which would listen, and which would form their own beliefs, there was nothing Prophet Adam and all the Prophets didn’t already see it just had a different name. Everything is owned by an Arabian tribal mindset take for instance our cars, they are Arabian owned or designed for an Arabian of any time. We are all Arabians descending from ancient tribes. A patriarchal society is owned by an Arabian from an ancient tribe, the term patriarchy had a different name during Prophet Adam’s time. Whatever someone thinks up or invents that was already thought up by an Arabian in a tribe during ancient times. There are no new inventions. We are as similar as it gets to the first tribes of the earth.

139:4 before a word is said, the Lord knew it.

139:16 all words said have already been written in God’s book.

139:20 Prophet David says the wicked speak of our Lord with evil intent. They misuse our Lord’s name.

139:21-22 Prophet David hated those who rebelled against our Lord. Prophet David abhorred those who were treacherous against our Lord. This is the same as the Quran.

140:1-13 As Prophet David says, protect me from evil as guided by the Lord and that the Lord secures justice for the poor and upholds the needy. The Lord is good. Protect me from those who stir up war daily. This carries over to this day where America is in some sort of war in a country around the world.

143:8 Prophet David says he put his trust in our Lord. This is the same as the Quran.

144:4 a false verse that Prophet David said mankind is not worth much.

147:5 our Lord is great, abundant in strength, and infinite.

Book of Proverbs:

1:1 Prophet Sulaiman is said to have written the Book of Proverbs.

2:1-5 fear of the Lord is achieved through knowledge and wisdom

2:12 wisdom will save you from the wicked.

2:13 the wicked have left the straight paths to walk in dark ways. This is the same as the Quran.

3:5 trust in the Lord with all your heart and lean not on your understanding; in all your ways submit to him, and he will make your paths straight. This means believe in every miracle, do not question the miracles. Because they don't like his path, the first thing they do is deny the miracles in the Bible and Quran. This also means, take advice from friends sometimes for your betterment since you are not always right.

3:6 in all your ways submit to him and he will make your paths straight. This is the same as the Quran.

8:13 the Lord hates pride, arrogance, and corruption. This is the same as the Quran. The fear of the Lord is hatred of evil. Since the Lord has hate that means we humans have hate in us as well and that's normal.

8:22-23 Prophet Sulaiman is describing how wisdom was set up during the earth's beginning. This is not a prophecy of the Messiah.

8:35 those who find Allah find life, this is a fact because we have reason to live.

8:36 whoever sins against me harms himself, we can all agree on that. All who hate me love death, it seems possible to me since we are in Allah's reality. This would explain why so many people deny Allah's existence. This

verse does not mean someone loves the death of others; it means they have lost all hope.

9:10 the fear of the Lord is the beginning of wisdom. This is repeated.

10:1 a wise son brings joy to his father, but a foolish son brings grief to his mother

10:4 being lazy leads to poverty, diligent hands leads to wealth

12:19 truth will last forever; lies are soon found out.

13:4 lazy people want much but get little while the precise prosper

13:11 little by little makes money grow, that's consistency

13:16 a wise man thinks ahead, a fool doesn't and brags about it.

13:20 whoever walks with the wise becomes wise, whoever is a companion of fools will suffer harm

14:12 there is a path that seems right, but in the end, it leads to death. The elites exploit this to no end, they will give you any life you want only in the hopes of distracting you from their plans regardless of if it leads to your death.

14:25 people who lie are proven treacherous.

14:26-27 the fear of the Lord leads to strong confidence. The fear of the Lord is the beginning of life.

16:18 don't be prideful and don't flash your wealth. An arrogant spirit will lead to a downfall. Those with pride issues will have destruction blaming others for not being perceived the way they want. Pride comes before downfall, meaning wanting fame more and more of it comes before destruction. This verse is always relevant at any time.

16:19-29 while it does not expect you to live amongst the poor, he says that it is better to do so. You will find good if you follow the word wisely. If you trust the Lord, you will be happy. Do not gossip for your own good and show the other person that you don't use them; don't look for trouble.

17:3 the Lord tests the hearts. This is the same as the Quran.

17:5 those who mock the poor show contempt for our Lord. Those who boast over a disaster they cause will be punished. This is the same as the Quran.

17:15 he that justifies the wicked, and he that condemn the just, even they both are abomination to the Lord.

20:9 none of us can say we are pure. This is the same as the Quran where only Prophets are pure.

30:1 Agur the son of Jakeh was a sage of Arab descendant. Agur is an Arabian name. Jakeh is an Arabian name.

30:3-4 the Holy One is the Holy Spirit or it is our Lord. Several Prophet went up to the Heavens and came back from the Heavens. What is the name of our Lord is asked in this verse. The verse says “his son’s name”, this is not a Son of Man reference. These verses refer to Prophet Moses being the “son of god” that no Prophet had come after Prophet Moses that understood the Torah and the wisdom in the Torah like Prophet Moses did.

30:5 every word of God is flawless. This would apply to the Quran since the Bible is corrupted.

Prophet Muhammad did exactly this when he spoke for the marginalized in society and he defended the rights of the poor and the needy showing he was a Prophet.

31:15 a noble woman gets up in the middle of the night to provide food for her family and for her female servants

31:28-29 a noble woman’s children and her husband call her blessed. Her husband tells her she is the most noble woman.

Book of Ecclesiastes:

1:1-7 you won't be remembered, how much damage can one do really? How much fame can one get? What are our accomplishments really when we never know who can or could achieve what? No one will care in Paradise that you were the greatest at a sport. Everything is meaningless, the world ends. The world will still be the world, we cannot market it any differently. There is nothing new under the sun, your ideas are not revolutionary no

matter how you market them, and they have already been done throughout history you can research the effects it had on society. This means nothing you do, say, bake, will impress someone past 5 minutes. This means all these vacations to Aruba for instance are the exact same scale as anywhere else on an Island in the world regardless of the price. Aruba should bring you the same level of joy as Jamaica, Puerto Rico, Barbados, etc. Meaning their citizens are all at the same level of the joy index yet the joy index may indicate otherwise. This verse is the same as the hadiths in Islam of a disbelievers Paradise and a believer’s prison, it is just worded differently meaning Prophet Sulaiman probably said that verse.

1:8 this is a false verse. All things are wearisome. Humanity finds more out of life and wants to get more out of life. These contradict.

1:9 our Lord has witnessed everything since time began.

1:12-16 "what is crooked cannot be straightened what is lacking cannot be counted" problems will always be there to be replaced with others. Whether knowledge, care, admitting people are wrong, doing evil, lying, bad role models, people not wanting to abide by laws, it will always be there. Is it not fitting there needs to be a Quran with a Prophet having to fight wars considering the lies about Prophet Sulaiman?

1:18 the more wisdom comes much sorrow, you see things you don't want to see or hear about, medicine you didn't want says Prophet Sulaiman.

2:11 trying to achieve the impossible is meaningless.

2:12-13 wisdom is better than folly, light is better than darkness.

2:17 Prophet Sulaiman hated life, he was the wisest man, thousands of years ago they knew the smartest people who are good at heart live the worst lives. You would think he lived the best life ever always being right. It must be brought up however that Prophet Muhammad lived an amazing life and smiled all the time.

3:1-8 there is a time for everything, there will always be a time where you must be serious on this earth. A time to love, a time to hate, a time for war, and a time for peace. This is where the saying there is a time and a place for that comes from.

3:11 Allah has made everything beautiful in time. The human heart is there for eternity. No one can fathom what God has done.

3:14 everything that God does shall be forever.

3:18 this is a false verse that god tests humanity to see that if we are like the animals.

3:19-21 humanity and animals do not breathe the same breath. Everything is meaningless, this verse is repeated from Ecclesiastes 1.

5:11-12 the more you make the more you consume, you won't appreciate it, if you work a lot you sleep well and proud. Rich people expect more and more, it is not to insult them but to wake them up.

5:13 usurping wealth is a grievous evil.

5:19-20 Allah will allow people to be happy with their work. This man will not reflect on what others did because Allah keeps him occupied with gladness.

7:16 don't stress knowledge, don't try to be overly wise, wasting time and we won't always be correct.

7:20 there is not a righteous man on the earth that does not sin. This is a fact.

7:26 a woman who is a trap is more bitter than death Prophet Sulaiman says.

8:2-8 don't speak out against the king; the king knows best. At the time, they governed peasants and the illiterate majority population. The citizens were not educated to take over his rulership.

8:14 it doesn't matter if innocent people are robbed of their life; it happens, it will always happen, we can't fight what cannot be controlled.

8:15 have fun on the earth. There is nothing better than to eat, drink, and enjoy life.

8:16-17 no human can understand why Allah does what Allah does. No one understands life’s meaning. Prophet Sulaiman knew all that God has done meaning he was a man who could not make an error. This disproves the Christian narrative that only Prophet Jesus was perfect.

9:5-6 no one knows what Prophet Sulaiman is getting at here. My belief is he is saying that there was no afterlife during his time only for it later to be opened.

9:7 this is a false verse, Prophet Sulaiman would not ever advocate drinking wine. Alcohol is referenced only a few times in the Old Testament.

9:10 do all you can with your strength. For in the realm of the dead, there is neither working, nor knowledge, nor wisdom, nor planning.

10:19 this is a false verse that wine makes people glad and that money answers everything.

11:8 this is a false verse, this verse is repeated from Ecclesiastes 1.

11:10 youth and vigor are meaningless; I have no clue what Prophet Sulaiman means here since all want to achieve this in life.

12:1 remember our Lord in your youth

12:7 we have spirits which we will return to our Lord

12:8 this is a false verse, this verse is repeated from Ecclesiastes 1.

12:13-14 Allah will bring every work into judgment every deed be it good or evil. This is the same as in Islam.

25:24 this is a false verse about women being the beginning of sin through Eve

26:4 whether a man is rich or poor, if he has a good heart towards the Lord, he shall always rejoice with cheerful countenance

26:25 a shameless woman is to be counted as a dog, the same would apply to men, the Lord does not like people with no shame. The Quran expands further on this by saying that men and women should lower their gaze and guard their modesty. Haya is a part of faith that is a requirement.

Song of Sulaiman:

1:1 most scholars doubt Prophet Sulaiman wrote this book in the Bible. Prophet Sulaiman was the wisest man to ever live making this book in the Bible doubtful. I believe most of the Song of Prophet Sulaiman are teachings of wisdom said by the Israelites handed down from generations that was attributed to Prophet Sulaiman when he didn’t say the wisdom in it.

1:5 the tents of Kedar and the curtains of Prophet Sulaiman’s Temple are both black.

4:5 Song of Prophet Sulaiman is a book of sex and love, but when the hadiths describe Muhammad’s sexual life people take issue with it. Also, Arabia is known for this kind of folklore.

5:15-16 these verses are describing Prophet Muhammad. Muhammad means "One who is Praised". Muhammad and "altogether lovely" means the same. We will never know if the Biblical Hebrew word “machmad” means the same as the Arabic name Muhammad. Song of Sulaiman 5:16 description is about Prophet Muhammad. The Biblical Hebrew word “machmad” does not translate to “Muhammad.” This would mean the verse would be saying “his mouth is all sweety, and he is altogether muhammad.” Prophet Muhammad’s name means praiseworthy.

7:4 your neck is like a tower of ivory, your eyes are beautiful like the ponds in Heshbon, your nose is like a tower of Lebanon facing towards Damascus.

7:7-9 a date palm tree reference. The writer says the ladies’ breasts are like clusters.

8:10 the lady speaking in this says her breasts are like towers.

9:6-7 this is a Prophet Muhammad reference, "Prince of Peace". He is the Prince of Arabia, Allah being the King of the earth.

Book of Isaiah:

1:4 the Jews were a sinful nation, offspring of evildoers as described by Prophet Isaiah. Why can the Prophet Isaiah speak against the Jews, but Prophet Muhammad can’t?

1:18 the Lord says come, let us reason together.

1:29-30 Prophet Isaiah mentions oak trees. Oak trees are known to Southern Arabia.

2:2-4 we don’t know if this prophecy is tied with Prophet Sulaiman’s Temple in Jerusalem. The prophecy says that Prophet Sulaiman’s Temple will be at the highest of high, many will go to the Temple. The prophecy also says that the message would begin at Mount Zion in Jerusalem in Arabia and then

spread around the world. The prophecy also says that God will judge between the nations and there will never be war again. Isaiah 2:4 would have to be a prophecy that is separate from the previous verses that warfare will end.

2:13 oak trees are known to Bashan. Bashan is in Southern Arabia.

2:19 this is an End Times prophecy that people will flee to caves and will go to holes in the ground on a day when our Lord will shake the earth.

3:12 Prophet Isaiah says that women were ruling over men in Ancient Israel, and it led the Israelites astray. This is the same as the hadiths.

3:17 this is a false verse that the Lord would uncover the private parts of the daughters of Zion.

4:1 Prophet Isaiah prophecies that seven women will marry one man. This is the same as the hadiths.

23:28 a prophet could explain their dream but the one who has my word speak it faithfully.

24:7 believers will have a heart to know the Lord. They will return to me with their heart. This is the same as Islam.

25:1-14 prophecy of Israel falling to Babylon fulfilled. Prophet Jeremiah's prophecy of the Israelites being inn Babylonian Captivity for 70 years. The exact number of years in Babylonian Captivity is 66 years.

25:19 the leader of Mizraim during Prophet Jeremiah's time is named or titled pharaoh, king of Mizraim. It is doubtful that pharaoh was the leader's name or title. The title of Mizraim is king of Mizraim which they wrote after "pharaoh", the writers wrote in the title of Mizraim.

25:20-25 all the kings of Arabia are listed. This means the Israelites most likely lived in Arabia to mention all kings that were found in lands in Scripture. The kings of Arabia are listed after several about all the kings of Arabia with no other land listed. If the kings are outside of Arabia, why would all the kings of Arabia be emphasized? Prophet Jeremiah then lists other kings of Arabia such as Zimri, Elam, and Media. This an error where these kings would be listed before listing all kings of Arabia. This prophecy was not fulfilled, the records are low for these events.

25:26-38 this a false prophecy. If this prophecy did happen, it did not happen at the ends of the earth. It would have only happened in Arabia. I don't believe there was a cup Prophet Jeremiah drank of Allah's wrath that made local tribes in Arabia stagger.

26:20-23 Urijah is a minor Prophet. Urijah’s name has jah in it which means his name is Arabian.

28:1 Azzur is the false prophet Hananiah’s father. Zur is an Arabian name.

28:2-4 the false prophet Hananiah said to submit to Hananiah. This is not a prophecy. This was written during Babylonian Captivity that the Israelites would return to Arabia afterwards.

28:5-8 Prophet Jeremiah points out that our Lord sent previous Prophets to warn, not to show prosperity in the future.

28:9 the Prophet that prophesies peace will be recognized if his prophecies are fulfilled, the people will know the Lord has sent him. Islam preaches peace.

29:1 this is a letter written to the Muslims in Babylonian Captivity. There were letters written of what the Lord said to the Prophets to tell the Israelites in the letters written. I wonder if there were letters of what the Lord said to the Prophets addressed to the Israelites. I believe an Israelite in a high rank wrote letters out and said a Prophet wrote them. When Prophet Muhammad wrote letters to kings inviting them to Islam, Prophet Muhammad didn’t address the kings he wrote to saying “this is what the Lord Almighty, the God of Israel, says to all those I carried into exile from Jerusalem to Babylon.”

29:13 if you are committed and sincere you will find Allah

29:15-17 the wording is incorrect in these verses, the wording calls Hananiah “the prophet”. Hananiah is a false prophet.

31:16-17 Prophet Jeremiah was promised by Allah that the Muslims would return to Israel in Arabia, they did.

31:30-33 this is a prophecy of Prophet Muhammad that was fulfilled of a new covenant with the house of Judah and Israel of the Quran. The new covenant would be directly in the Israelites hearts. This is a prophecy of the Quran being memorized.

31:33 Allah's law is in our mind and hearts. Before it was taught orally now, we have Allah's law inside of us to know right from wrong.

33:14-15 this is a prophecy of the Messiah that a descendant of Prophet David will be righteous, will execute judgement and justice on the earth. Prophet Isa had done this in Arabia during his time.

33:26 Abdeel means servant of God in Biblical Hebrew. It means the same as Abdullah in Arabia.

Book of Ezekiel:

1:1 Prophet Ezekiel saw our Lord.

1:28 Prophet Ezekiel fell facedown when he heard the voice of our Lord. Prophet Ezekiel prostrated.

2:1 our Lord calls Prophet Ezekiel a "son of man". Allah calls Prophet Ezekiel son of Adam. Our Lord is not calling Prophet Ezekiel "the son of man".

2:3-5 Prophet Ezekiel was sent by our Lord because the Israelites were in revolt. Our Lord calls the Israelites generation “obstinate and stubborn”. This was during the siege of Jerusalem in Arabia with king Nebuchadnezzar II.

2:9-10 Allah was sending scrolls from the Heavens to the Prophets of tasks for the Prophets. We don’t know if Allah used an actual hand of his. These scrolls were made of papyrus, they are lost today.

4:9-11 a bread recipe

4:12-15 these verses are false of the Lord telling Prophet Ezkiel to bake bread over cow dung.

5:1-4 Allah asked Prophet Ezekiel to shave his head and his beard to start a fire using it during the end of the siege in Jerusalem.

6:9 Allah promises that some of those in Babylonian Captivity will remember the covenant. It was worsened because Ancient Israel turned to idols.

6:10 Allah says he sent the calamity of the Babylonian Capitivity upon the Israelites.

6:13 Prophet Ezkiel says that our Lord is known from every leafy oak tree. Oak trees are known to Southern Arabia.

8:5-12 there was a hole in the gate of the courtyard in Sulaiman’s Temple with a doorway, in the wall were people who were hiding things and worshipping idols in Sulaiman’s Temple that Prophet Ezekiel found.

8:14-16 women were weeping at the idol Tammuz at the entrance of the north gate of Sulaiman’s Temple. There were 25 men who were worshipping the sun at the east of the gate.

11:24-25 these are false verses of a miracle that Allah’s spirit lifted Prophet Ezekiel from Jerusalem in Arabia to Babylon after seeing the exiles in Babylon. This would have taken a minimum of twenty-five hours.

12:25-28 this event already happened with the Israelites going into Babylonian Captivity.

14:1-11 Allah handled Idolaters on his own along with false Prophets by destroying them. Times have changed now; we can get away with this behavior on this earth. There is a false verse that claims Allah would deceive a Prophet by getting them to err. Allah didn’t do that to Prophet Muhammad, why any other Prophet?

16:3 the Sumerian term Amorite means people of the West. That means Prophet Abraham was from West Arabia. Sarah is a Hittite.

16:7-8 the Bible we have today indicated puberty for sexual intercourse

17:3-10 the parable of the Two Eagles and the Vine. There are parables in the Quran.

18:18-20 the one who sins be it parent or child will die.

18:21 if a wicked person abides by the Torah and does what is right then their sins are forgiven. In Christianity, anyone’s sins are forgiven whether they abide by the Torah or not. In Islam, a believer’s sins are forgiven if they repent whether they abide by the Torah or not. This means sins were already able to be forgiven, in Christianity, it is taught otherwise.

18:23 Allah poses a rhetorical question that if the wicked changes their ways, then he is happy. This is different from show no mercy found in Psalms that people keep repeating. Since this is Allah’s word and not Prophet David’s it would be used over the verse in Psalms. A righteous man who does what is just and right. He does not eat at the mountain shrines or look to the idols of Israel; he does not oppress anyone but returns what he took in pledge for a loan. He does not commit robbery, but he gives back, he doesn't lend at interest, he withholds his hand from doing wrong, he follows my decrees and laws that man is righteous and will surely live declares the Sovereign Lord. However, one who does not follow these laws must be put to death. This was the beginning of a son not being responsible for a parent’s actions vice versa. This can mean whatever past generations is not brought up. As example if someone’s father was a polytheist who was an oppressor. A wicked man who changes his ways will be given a second

chance; our Lord is pleased with this. A righteous man who turns from his ways is to be put to death. Our Lord respects us enough to ask us if these laws are just or not.

18:32 Allah takes no pleasure in the death of anyone, you are commanded to repent and live. This is necessary to know, that means watching tragedies on the news is horrific in the Lord’s eyes.

20:25 this is a false verse. The Lord would not give statues that were not good and judgements the Israelites should not live by.

20:34 this is a false prophecy where the Muslims would be returned to their homelands, they are already there but the Talmudists believe they are from the seed of Prophet Abraham.

28:14 Satan was a jinn that served our Lord and then he rebelled against our Lord in the Gardens of Eden.

33:11 the Lord says he takes no pleasure in the death of the wicked, but rather that the wicked person should turn from his way and live

34:23-24 these verses are speaking about Ancient Israel returning. These verses are describing how Prophet David was once its ruler and Ancient Israel will return. These verses could be describing the Ummah taking place. These verses are not a prophecy of the Messiah.

36:25-27 in Jeremiah 31, the verses addressed our Lord's new covenant. These verses show how it will be done. Our Lord speaks about the Holy Spirit in this verse as the new covenant.

37:1-10 this is a prophecy that dry bones will come alive someday

37:21 the people of Yemen will be brought back to Arabia during End Times.

2:24 this is a false prophecy where the Messiah would conquer the earth.

2:42 the height and width of the golden statue is not listed in Daniel 2.

2:44-45 this prophecy could be a reference to the Rashidun Caliphate that came after the order of the four kingdoms of the Babylonian, Persian, Greece, and Roman Empires. Nebuchadnezzar II thought it was his Neo-Babylonian Empire that Prophet Daniel was describing to him.

2:46-49 Nebuchadnezzar II prostrated after Prophet Daniel had a dream of Nebuchadnezzar II building a giant statue. Nebuchadnezzar II also offered an incense to our Lord. Nebuchadnezzar II honored Prophet Daniel, he also promoted Shadrach, Meshach, and Abednego afterwards.

3:1-30 Nebuchadnezzar II required the Israelites to bow to a golden statue of him that was 90 feet tall and 90 wide which was set up in Dura in Babylon. Everyone in Babylon was required to worship his golden statue or else they would be thrown into a fire. Three Muslims named Shadrach, Meshach, and Abednego would not bow to Nebuchadnezzar II's golden statue. The three Muslims were thrown into the fire. The three Muslims were saved from the fire. Nebuchadnezzar II said that an Angel delivered them from the fire. He also said whoever insulted our Lord would be cut up into pieces. The three Muslims were promoted afterwards. The three Muslims wore turbans. Prophet Muhammad wore a turban. I don't' believe the golden statue of Nebuchadnezzar II was that tall and wide. Many people believe the image of gold sixty cubits high, and six cubits wide is a sign of the false beast in the book of Revelation, it is not.

3:88 Azarias is an Arabian name.

4:19-27 these are false verses of Prophet Daniel having a dream that Nebuchadnezzar II would eat grass like a cow and would be soaking in dew from heaven.

Babylonian prince Belshazzar’s land would be given to the Medes and the Persians. Prince Belshazzar used the stolen chalices to drink his wine. Mene, mene, tekel, parsin Aramaic. There is no evidence that Prince Belshazzar was executed, this event would have had to have taken place during the Fall of Babylon from 540-539 B.C.E. The hand would have been a jinn. Daruis the Mede did not take over the Babylonian kingdom at age 62, Darius the Mede is not a real person, Darius the Mede was not a Persian king. The invaders of Babylon were Persians, not Medes, the Medes were before the Persians. Belshazzar was a prince, why did the hand say this to prince Belshazzar, and not king Nabonidus his father? Historians do not know if prince Belshazzar died during the fall of Babylon in 539 B.C.E. This false story came after the fall of Babylon in 539 B.C.E and may have come far later after the fall of Babylon.

6:1-28 Prophet Daniel in the den of lions. Prophet Daniel prays towards Prophet Sulaiman’s Temple. Prophet Daniel kneels while praying. Prophet Daniel may have prayed 3 times in one day.

7:1 the Babylonian prince Belshazzar’s father Nabonidus was king of Babylon and was in Arabia from 553 B.C.E. to 543 B.C.E.

an earlier source. Cyrus the Great had two titles of king of Persia and was king of Media which is Medes.

8:23-24 the master of intrigue will come during End Times, this is an antichrist reference.

Book of Haggai:

2:6-8 this prophecy was not fulfilled of the Heavens and the earth shaking during Herod's temple.

2:9 Herod's temple was not greater than Prophet Sulaiman's Temple. It has no biblical basis since it was never led by a Prophet. This verse was likely put in to get people excited for their faith.

2:23 this is not a prophecy. This is speaking to Zerubbabel at the time.

Book of Zechariah:

1:1 Zechariah is an Arabian name

1:12 the number of years of the destruction of Sulaiman's Temple in Palestine is 70 years. This is confirmed in history.

5:9 this is a prophecy of two women with wings who are agents of Allah. This could be a reference to female Angels.

6:9-15 there was a man called "the branch" who lead building Herod's temple. The early rules of Herod's temple are Heldai, Tobijah, Jedaiah, and Hen son of Zephaniah. A memorial was built for them inside of Herod's temple. These verses are not prophecy.

7:5 the number of years of the destruction of Sulaiman's Temple in Arabia and the building of the "second" temple in Palestine is 70 years. This is confirmed in history.

7:9 thus speaketh the Lord. Administer true justice, show mercy and compassion to his brother. Brothers and sisters is the same concept in Islam.

8:14 the Lord had brought disaster and showed no pity when a generation angered him.

8:16-17 "these are the things you are to do: Speak the truth to each other and render true and sound judgment in your courts; do not plot evil against each other, and do not love to swear falsely. I hate all this" declares the Lord.

9:9-10 these verses are a false prophecy of the Messiah

10:4 this verse is describing a war that Judah had fought. This verse is not a prophecy of the Messiah.

11:1-4 Prophet Zechariah mentions the oak trees of Bashan in the Jordan. Oak trees are known to Southern Arabia.

11:4-6 Prophet Zechariah says the Lord would not take the Israelites out of Babylonian Captivity at the time, these verses are not a prophecy.

11:8-9 these verses mention three shepherds that abhorred a Prophet. There were several Prophets that were abhorred by the Israelites.

11:12-13 this is a story about Prophet Zechariah, not the Messiah of the Messiah being sold for 30 pieces of silver.

12:2 this is a false prophecy that God would make intoxicating drink that causes their enemies of Ancient Jerusalem and Ancient Judah to stagger.

12:10 this is the mourning of Israel’s enemies not a prophecy of Prophet Isa’s alleged crucifixion. This is where Christians get that their false god is the “only son” of god.

13:7-9 this prophecy did not happen that two thirds of the population of Ancient Israel would be struck by our Lord.

14:3 the Lord fights the day of battle. That means Allah is fighting for the Ummah in some way. In the Quran it says the Angels fought during the Battle of Badr. That’s one way the Lord is fighting. The Lord is sending out his Angels.

14:9-11 these are false verses, this will not happen, there will be a Final Day.

14:12 this is a false prophecy that there would be a plague that strikes the nations that fought against Ancient Israel.

14:17-18 the people of Mizraim faced rain as a plague along with the other tribes of the reign in Arabia if the tribes didn't celebrate the Feast of Tabernacles. The people of Mizraim in this verse are referred to as a tribal group, Egypt is not a tribe. The tribe of Mizraim lived in a nomadic land in the desert that mainly depended on rain for its herding and farming. Ancient Egypt was a kingdom that relied primarily on the Nile River, not the rain for farming its vast lands and maintaining its agriculture revenue. King Esarhaddon of the Neo-Assyrian Empire wrote in a Mesopotamian cuneiform tablet that Mizraim of the Arabian Hejaz conquered his armies.

Book of Malachi:

1:1-5 these verses were put in to describe why Israelites were favored over Edomites however it could have been added by the Israelites to show why they felt the Lord had favored them. The Edomites went by manmade law instead of Biblical like Herod who has Jeshu killed for protesting. What we can take from these verses is that this will go on till the end of time, one good and one bad. Esau being hated, that doesn't mean Allah hated Esau, it can mean Allah hated Esau's actions to the point of using the word hate as emphasis not as hating Esau personally. Esau for all we know may have been no sort of oppressor or enemy of Allah, Esau may have not cared at all, never caring for criticism of any kind where nothing had mattered to him, his only concern would have been to make it through life. Chances are that these verses are false. God's hatred of Esau can mean that God's hatred was of the religion of Esau that Esau wasn't the faith of Prophet Abraham.

1:6 Malachi is a Prophet.

2:1 Malachi means my messenger in Hebrew because in Judaic literature they were expecting the Messiah to come before the appearance of Prophet Elijah. This is why Prophet Elijah was described in the transfiguration whether it happened or not.

2:16 Allah hates divorce.

3:1-5 these are false verses. Our Lord did not speak to Prophet Malachi. Prophet Malachi cleared out Herod’s Temple of the unrighteous.

3:6 Allah states he does not change his mind. God is consistent, this verse shows Islam is correct. Our Lord says His judgment is always the same. This verse relates to Islam where Sharia Law is Allah’s divine judgement on the earth. This is noteworthy.

3:23 prophecy not fulfilled of Prophet Elijah meeting Prophet Isa before Prophet Isa’s death. I would like to ask Christians why this prophecy is not found in their false gospel, yet they point to all these other alleged prophecies?

4:5 Prophet Elijah will return during End Times.

4:6 that parents and their sons and daughters will listen to each other during End Times or else the Lord will strike the land of Arabia. The Lord will strike the land of Arabia during End Times.
